Financial Accounting, 4th Edition with Principles of Accounting Volume 2 - Managerial Accounting Sep 21 2019 A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter begins with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout the chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Management Accounting, 4th Edition Apr 08 2020 Eldenburg's fourth edition of Management Accounting combines the basic technical issues associated with cost management, management accounting and control with more recent themes and issues. Management accounting is a compulsory element of the accounting major, and this text is written to cover the content typically taught in the two management accounting units offered in most accounting programs. The Accounting interactive e-text features a range of instructional media content designed to provide students with a rich learning experience. This includes case videos, interactive problems and questions with immediate feedback. Eldenburg's unique resource can also form the basis of a blended learning solution for lecturers.

College Accounting Jan 18 2022 > Fundamental Accounting Principles College Accounting: A Practical Approach provides a strong foundation in the basics of accounting. The material is organized in a clear, easy-to-follow format, and each chapter contains a plethora of learning tools and practice materials to help students immediately put their knowledge to use. The Thirteenth Edition stays current with modern accounting tools and techniques and includes new computer workbooks using Sage 50 and QuickBooks. Students are also introduced to new trends in banking technology and updated information. Also available with MyAccountingLab This title is also available with MyAccountingLab – an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within this structured environment, students practice what they learn, test their understanding, and pursue a personalized learning path that helps them better absorb course material and understand difficult concepts. www.myaccountinglab.com No additional purchase of a standalone product; MyAccountingLab does not come packaged with this content. 2019

The College Buzz Book 2019 A guide to the nation's colleges publishes extensive surveys--all written by current and past students--from over three hundred educational institutions, covering admission, academics, quality of life, social life, and employment prospects.

College Accounting 2020 This market-leading college accounting text helps students understand basic business structures and cycles and gain competence in ledger entry and organization. Known for its accuracy, careful presentation, and repetition of terms, concepts, and procedures, the text provides a comprehensive introduction to the business of accounting. The Eighth Edition retains the popular characteristics of previous editions, while integrating Internet features throughout the classroom planning and instruction and provide students with real-world business experience. New pedagogical features, such as web activities and problem-solving exercises, have been added to reflect this integrated approach. New! PowerPoint slides--available on the Instructor and Student web sites, HM ClassPrep CD-ROM, and HMAccounting Student CD-ROM--include forms, tables, and art from the text as well as sample problems and other resources. New! Blackboard Cartridges and WebCT CDs provide flexible, efficient, and creative ways to present learning materials and manage online learning courses. In addition to course management features, instructors can track student performance electronically and receive assignments via the Internet. New! SMARTTHINKING online tutoring provides support for students during their homework hours. Students may interact live online with an "e-structor" or submit questions and spreadsheets for review within 24 hours. New! The "Computer Lab" feature allows students to manage accounting transactions for a sole proprietorship business, which helps them gain real-world accounting experience. New! Houghton Mifflin Windows Ledger Software has been updated to offer complete coverage of accounting concepts and procedures in a user-friendly computer environment. The GLS allows students to solve selected problems from the text and is available on the HMAccounting Student CD-ROM.

The Portable MBA in Finance and Accounting 2022 The most comprehensive and authoritative review of B-School accounting fundamentals—from top accounting and finance professors For years, the Portable MBA series has tracked the curriculum of leading business schools to teach you the fundamentals you need to know about business--without the extreme cost of earning an MBA degree.
