When Winter Robeson Came Apr 13 2021 The whole world seems to transform during the summer of 1965, when Eden's cousin from Mississippi comes to visit her in L.A. just as the Watts Riots erupt, in this stirring new novel by Coretta Scott King Honor winner Brenda Woods. When Eden's cousin Winter comes for a visit, it turns out he's not just there to sightsee. He wants to figure out what happened to his dad, who disappeared ten years earlier from the Watts area of L.A. So the cousins set out to investigate together, and what they discover brings them joy—and heartache. It also opens up a whole new understanding of their world, just as the area they've got their sights on explodes in a clash between the police and the Black residents. Paradise Lust Aug 18 2021 A "certainly weird . . . strangely wonderful . . . [and] often irresistible" search to find the real Garden of Eden (The New York Times Book Review). Where, precisely, was God's Paradise? St. Augustine had a theory. So did medieval monks, John Calvin and Christopher Columbus. But when Darwin's theory of evolution changed our understanding of human origins, shouldn't the desire to put a literal Eden on the map have faded away? Not so fast. This "gloriously researched, pluckily written historical and anecdotal assay of humankind's age-old quixotic quest for the exact location of the Biblical garden" (Elle) explores an obsession that has consumed scientists and theologians alike for centuries. To this day, the search continues, taken up by amateur explorers, clergymen, scholars, engineers and educators—romantic seekers all who started with the same simple-sounding Bible verses, only to end up at a different spot on the globe: Sri Lanka, the Seychelles, the North Pole, Mesopotamia, China, Iraq—and Ohio. Inspired by an Eden seeker in her own family, "Wilensky-Lanford approaches her subjects with respect, enthusiasm and conscientious research" (San Francisco Chronicle) as she traverses a century-spanning history provoking surprising insights into where we came from, what we did wrong, and where we go from here. And it all makes for "a lively journey" (Kirkus Reviews).

Playing in the Dark Jul 05 2020 An immensely persuasive work of literary criticism that opens a new chapter in the American dialogue on race—and promises to change the way we read American literature—from the acclaimed Nobel Prize winner Morrison shows how much the themes of freedom and individualism, manhood and innocence, depended on the existence of a black population that was manifestly unfree—and that came to serve white authors as embodiments of their own fears and desires. According to the Chicago Tribune, Morrison "reimagines and remaps the possibility of America." Her brilliant discussions of the "Africanist" presence in the fiction of Poe, Melville, Cather, and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition. Written with the artistic vision that has earned the Nobel Prize-winning author a pre-eminent place in modern letters, *Playing in the Dark* is an invaluable read for avid Morrison admirers as well as students, critics, and scholars of American literature.

Lost Books of the Bible and The Forgotten Books of Eden Nov 28 2019 2020 Reprint of 1926 Editions. Full facsimile of the original editions and not reproduced with Optical Recognition software. This edition includes two titles published into one bound volume. Rutherford Hayes Platt, in the preface to his 1963 reprint of this work, states: "First issued in 1926, this is the most popular collection of apocryphal and pseudepigraphal literature ever published." The translations were first published, under this title, by an unknown editor in *The Lost Books of the Bible* Cleveland 1926, but the translations had previously been published many times. The book is, essentially, a combined reprint of earlier works. The first half, *Lost Books of the Bible*, covers the New Testament. The second half of the book, *The Forgotten Books of Eden*, includes a translation originally published in 1882 of the "First and Second Books of Adam and Eve", translated first from ancient Ethiopic to German and then into English by Solomon Caesar Malan, and a number of items of Old Testament pseudepigrapha, such as reprinted in the second volume of R.H. Charles's *Apocrypha and Pseudepigrapha of the Old Testament* (Oxford, 1913).

Violet and Daisy Oct 08 2020 From the author of *The Miracle & Tragedy of the Dionne Quintuplets* and *The Borden Murders* comes the absorbing and compulsively readable story of Violet and Daisy Hilton, conjoined twins who were the sensation of the US sideshow circuits in the 1920s and 1930s. On February 5, 1908, Kate Skinner, a 21-year-old unmarried barmaid in Brighton, England, gave birth to twin girls. They each had ten fingers and ten toes, but were joined back to back at the base of the spine. Freaks, monsters--that's what they were called. Mary Hilton, Kate's employer and midwife, adopted Violet and Daisy and promptly began displaying the babies as "Brighton's United Twins." Exhibitions at street fairs, carnivals, and wax museums across England and Scotland followed. At 8 years old, the girls came to the United States, eventually becoming the stars of sideshow, vaudeville, and burlesque circuits in the 1920s and 1930s. In a story loaded with questions about identity and exploitation, Sarah Miller delivers a completely compelling, empathetic portrait of two sisters whose bonds were so sacred that nothing — not even death— would compel Violet and Daisy to break them.

Eden Mine Sep 18 2021 Winner of the Christianity Today Book Award, Fiction In Eden Mine, the award-winning author of Black River examines the aftershocks of an act of domestic terrorism rooted in a small Montana town on the brink of abandonment, as it tears apart a family, tests the faith of a pastor and the loyalty of a sister, and mines the deep rifts that come when the reach of the government clashes with individual freedom If I stay here, Jo, I know you could find me. If you wanted to, you could find me. For generations, the Fabers have lived near Eden Mine, scraping by to keep ahold of their family's piece of Montana. Jo and her brother, Samuel, will be the last. Despite a long battle, their property has been seized by the state through eminent domain—something Samuel deems a government theft. As Jo packs, she hears news of a bombing. Samuel went off to find work in Wyoming that morning, but soon enough, it's clear that he's not gone but missing, last seen by a security camera near the district courthouse?now a crime scene?in Elk Fork. And the nine-year-old daughter of a pastor at a nearby church lies in critical condition. Can the person Jo loves and trusts most have done this terrible thing? Can she have missed the signs? The last time their family met violence, Jo lost her ability to walk. Samuel took care of her, outfitted their barn with special rigging so she could still ride their mule. What secrets has he been keeping? As Jo watches the pastor fight for his daughter, watches the authorities hunt down a criminal, she wrestles with an impossible choice: Must she tell them where Samuel might be? Must she choose between loyalty and justice? Between the brother she knows and the man he has become? A timely story of the tensions splintering families and communities all over this country, S.M. Hulse's Eden Mine is also a steady-eyed gaze into the ideals of the West and the legacies of violence, a moving account of faith in the face of evil, and a heartrending reckoning of the terrible choices we make for the ones we love.
