Economics for GCE A Level Jan 18 2021 "Based on the new H2 (9757) Economics syllabus of the Singapore GCE A Level, this study guide aims to explore relevant economic concepts, theories, and issues, drawing extensively on real world examples, especially those relevant to Singapore. All economic issues, regardless of whether they are microeconomics or macroeconomic issues, have two aspects to be analysed -- the positive aspect and the normative aspect. There are three main themes to the book: The Central Economic Problem, Markets, and the National and International Economy. These are divided further into 7 chapters and are presented in a systematic and easy-to-understand manner. Several activities are designed to facilitate the students' understanding of each unit and a range of questions is provided at the end of each units to assess students' progress in the subject" --

Study Guide for Statistics for Business and Financial Economics Aug 01 2019 This Study Guide accompanies Statistics for Business and Financial Economics, 3rd Ed. (Springer, 2013), which is the most definitive Business Statistics book to use Finance, Economics, and Accounting data throughout the entire book. The Study Guide contains unique chapter reviews for each chapter in the textbook, formulas, examples and additional exercises to enhance topics and their application. Solutions are included so students can evaluate their own understanding of the material. With more real-life data sets than the other books on the market, this study guide and the textbook that it accompanies, give readers all the tools they need to learn material in class and on their own. It is immediately applicable to facing uncertainty and the science of good decision making in financial analysis, econometrics, auditing, production and operations, and marketing research. Data that is analyzed may be collected by companies in the course of their business or by governmental agencies. Students in business degree programs will find this material particularly useful to their other courses and future work.
