[Visiting China's Past](#) Jul 12 2021 The archaeological monuments of major capitals from the Bronze Age (Anyang, Zhou Yuan) and imperial eras (Nanjing, Luoyang, Chang'an) are introduced, as are spectacular tombs (the First Emperor's terra cotta warriors, Suixian, Mawangdui) and rich Buddhist sites (Famen Si, the Mogao caves at Dunhuang) that have done so much to revise our understanding of China's past. These compact entries are divided among six sections that establish an historical and cultural context for the discoveries without assuming any prior knowledge of Chinese studies. Each entry sets the find in its archaeological context, assessing how this material has affected the state of the field. Physical setting, plan and structure, contents, and dating of each discovery are laid out in clear prose with helpful maps, plans, and line art. Related discoveries and sites, including those in other areas, are introduced as well, and recommended readings take interested readers into each topic in greater depth.

**China CEO** Oct 03 2020 CHINA CEO: A Case Guide for Business Leaders in China Some Western business leaders are moving into China without any clear knowledge of the many pitfalls they will encounter: the weak rule of law, forceful governmental intervention, a scarcity of managerial talent, the likelihood of counterfeiting, the fast paced business environment and surprisingly aggressive local competitors. This book uses case studies to both illuminate and examine these key managerial challenges. Each case focuses on a specific topic and is complemented with commentaries from professors and executives who have extensive front-line experience in China. The cases are the product of three-year research and are well-tested in MBA and executive courses. The authors' philosophy is that readers can learn most effectively through the experience of others captured in real cases! The book includes a broad range of companies, such as Emerson, Eli Lilly, General Motors, Peugeot, Carrefour, Daimler-Chrysler, Picanol. It also includes more

personal experiences concerning the many challenges of expatriate-living in China, some of whom have started their own businesses. The book provides concise but insightful analysis to help readers to get the most from the case studies. As a result, this book will help you get better prepared to face the varied challenges you will find in China. These cases complement the material presented in a previous work, China CEO: Voices of Experience from 20 International Business Leaders, also published by John Wiley & Sons.

**Guide to Chinese Climate Policy** Jun 11 2021 China is the world's leading emitter of heat-trapping gases by a wide margin. There is no solution to climate change without China. In his *Guide to Chinese Climate Policy*, David Sandalow examines China's emissions, explores the impacts of climate change in China, provides a short history of China's climate policies and discusses China's principal climate policies today. This up-to-date Guide is an invaluable resource for anyone interested in China, climate change or both.

"This comprehensive guide by a leading authority on the climate change policies of China, the world's largest emitter of greenhouse gases, is the most up-to-date reference available, and belongs on the desks and bookshelves of researchers and practitioners alike." -- Robert Stavins, A. J. Meyer Professor of Energy and Economic Development, John F. Kennedy School of Government, Harvard University "David Sandalow's extraordinary energy and environmental expertise coupled with his rich governmental experience at the Department of Energy, State Department and National Security Council are reflected in his *Guide to Chinese Climate Policy* 2019. His fact-packed analysis of China's climate policies, both good and bad, and how they compare with other nations' policy efforts, is invaluable. Professor Sandalow's excellent study is extremely timely and deserves a high level of attention." -- Amb. Carla Hills, Chair, National Committee on US-China Relations and former US Trade Representative "This is an excellent, readable, practical discussion of climate policy in a country whose climate policy is an indispensable ingredient to combatting climate change. David Sandalow is the perfect guide, deeply knowledgeable about China and practiced in the hands-on business of climate and energy diplomacy." -- Todd Stern, Senior Fellow, Brookings Institution and former US Special Climate Envoy "In the global effort to protect the climate, no country matters more than China. David Sandalow has written the definitive guide to Chinese actions--both at home and abroad. Impressive in scope and depth, Sandalow's study puts a spotlight on many important signs of progress along with some challenges that are deeply worrying." - David Victor, Professor of International Relations, University of California at San Diego and Co-Chair, Brookings Initiative on Energy and Climate Change

"The energy transformation going on in China is critical to whether the world succeeds or fails in solving the climate crisis and that is why David Sandalow's important, authoritative and timely Guide to that transformation is so welcome." -- John Podesta, Founder and Director, Center for American Progress "David Sandalow's *Guide to Chinese Climate Policies* 2019 succeeds in achieving a seemingly impossible goal - to provide a concise, clear, and objective explication and evaluation of China's wide-ranging, multifaceted policies to address climate change. This deeply researched volume is a truly outstanding resource for anyone interested in this vitally important topic." -- Kenneth Lieberthal, Professor Emeritus, University of Michigan "David Sandalow's *Guide to Chinese Climate Policy* provides a comprehensive and insightful overview of both the positive and not-so-positive recent developments in China as it balances economic growth and development with climate change mitigation goals." - Nan Zhou, Head, International Energy Analysis Department, Lawrence Berkeley National Laboratory
