Modern German Sociology Dec 17 2021 Originally published in 1987 *Modern German Sociology* is a collection of essays containing sociological work published in German since World War II. Included are sections from such out-standing figures as Theodor Adorno, Alexander Mitscherlich, Jürgen Habermas, Niklas Luhmann, and Ralf Darendorf. The editors have arranged the essays into five sections that express their view of the chief aspects of modern German sociology and have written a helpful introduction to each section.

Essentials of Economics Mar 20 2022 Schiller's *Essentials of Economics* is the market leader for the one-semester survey course, praised for its strong policy focus and core theme of seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. The 9th edition is benefitted by SmartBook, the first adaptive reading experience designed to engage students with the content in an active and dynamic way, as opposed to the passive and linear reading experience they are used to. As a result, students are more likely to master and retain important concepts in the survey course. As in previous editions, students are confronted early on with the reality that the economy doesn't always operate optimally, either at the macro or micro level, and are encouraged to examine the policy challenge of finding the appropriate mix of market reliance and government regulation that generates the best possible outcomes. In addition to the suite of resources available within Connect Economics, over 100 key topics are reinforced with interesting and innovative videos on YouTube, provided to help non-majors see the relevance of economics. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class

time is more engaging and effective.

**A Treatise on Dynamics** Dec 05 2020

**The Macro Economy Today** May 22 2022 'The Macro Economy Today' is noted for three great strengths: readability, policy orientation, and pedagogy. Schiller's accessible writing style engages students and brings some of the excitement of domestic and global economic news into the classroom.

The Micro Economy Today Jun 23 2022 Schiller/Sabiston/Phipps, *The Micro Economy Today*, Canadian Edition, is more concise and somewhat less analytical and mathematical than other first year texts. In some respects, it is better suited to the modern undergraduate. It does a better job of explaining some of the key issues without the cost of lengthy exposition. One of the main strengths of *The Micro Economy Today* is the way it connects theory and "real world" issues. The application to theory makes it easy for students to understand, especially at the college level. Students should be more inclined to read this text.

**The Morality of Radical Economics** Feb 19 2022 This book is in equal parts a treatise on morality and economics, a critique of neoclassical orthodoxy, a brief for replacing mainstream economics with a radical political economics, and an argument for the abandonment of neoliberal capitalism in favor of democratic socialism. It includes a detailed proposal for a "demand and cost" alternative to "supply and demand" analysis and an in-depth technical critique of both neoclassical "high theory" and "applied microeconomic analysis" demonstrating that these are not only infeasible or immoral, but have directly contributed to public policy disasters. Further, the book

suggests that only a moral economics in the form of radical political economy can address the looming economic and environmental crises of today's world. Baiman begins with an introduction to morality and ethics in both general sciences and in economics in particular. He then guides readers through evidence of how neoclassical economics has not only failed to remain objective and value-free, but has become an ideology of apologetics protecting an immoral system. In addition to breaking down real-world examples to demonstrate his assertions, Baiman analyzes a theoretical Utopia design exercise. He concludes by arguing that the only form of economics that supports widely shared human values—such as social equity, democracy, and solidarity—is so-called "radical economics", and that all true economics science should be directed toward achieving more socially productive economic activity. An invaluable guide to morality and economics, this book will appeal to researchers and teachers looking to change the way we think about economics, policy, and society.

**The Macro Economy Today** Sep 26 2022 Clear. Current. Connected to Today's Student. Schiller, *The Macro Economy Today*, 13e, is noted for three great strengths: readability, policy orientation, and

pedagogy. The accessible writing style engages students and brings some of the excitement of domestic and global economic news into the classroom. Schiller emphasizes how policymakers must choose between government intervention and market reliance to resolve the core issues of what, how, and for whom to produce. This strategic choice is highlighted throughout the full range of micro, macro, and international issues, and every chapter ends with a policy issue that emphasizes the markets vs. government dilemma. The authors teach economics in a relevant context, filling chapters with the real facts and applications of economic life. Schiller is also the only principles text that presents all macro theory in the single consistent context of the AS/AD framework. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

**To Hell in a Coach Bag (The Devilish Divas Series, Book 1)** Apr 28 2020 "A witty, fun trip between four girlfriends laced with hilarity, love and real-life friendship. Highly recommended for anyone looking to laugh and cry--occasionally at the same time." ~R.T. Wolfe, Author Four Midwest Lunch Ladies Find Adventure On The Road in the Delightfully Humorous TO HELL IN A COACH BAG by M.J. Schiller A wacky widow, a wild divorcee, a frustrated wife and their mid-life hormonal boss are the "lunch ladies". On a quest to find solace from life's disappointments and recapture their youthful spirit, Dani, Sam, Alex and Max set out on a cross-country road trip. As their sisterhood brings adventure and opens the door to new relationships, happiness could be just around the bend, or they may be heading to Hell in a Coach bag. Publisher's Note: This series is a fun look at the serious side of life and will be enjoyed by chick-lit and women's fiction fans of Sophie Kinsella, Fannie Flagg, Colleen Coleman and Judith Keim as well as Melanie Summers. The Devilish Divas Series . . . To Hell in a Coach Bag Damned if I Do The Devil You Know Satan, Line One Pitchfork in the Road
