Effective remedies for the modification of the electoral college's deficiencies are presented by Abbott and Levine. They conclude that the only satisfactory solution to the inadequacies of the current electoral system is the complete elimination of the electoral college, and a change to direct popular election of the president.

2022 Winner of the National Book Award, the long-awaited novel from the author of the acclaimed collection, *Jenny and the Jaws of Life*, is an unusual and wonderful novel that is somehow able to be at once bleak and hilarious, light-hearted and profound. It's the story of two sisters. Abigail Mather is a woman of enormous appetites, sexual and otherwise. Her fraternal twin Dorcas couldn't be more different: she gave up on sex without once trying it, and she lives a controlled, dignified life of the mind. Though Abigail exasperates Dorcas, the two love each other; in fact, they complete each other. They are an odd pair, set down in an odd Rhode Island town, where everyone has a story to tell, and writers, both published and unpublished, carom off each other like billiard balls. What is it that makes the two women targets for the new man in town, the charming schlockmeister Conrad Lowe, tall, whippet-thin and predatory? In Abigail and Dorcas he sees a new and tantalizing challenge. Not the mere conquest of Abigail, with her easy reputation, but a longer and more sinister game. A game that will lead to betrayal, shame and, ultimately, murder. In her darkly comic and unsettling first novel, *Jincy Willett* proves that she is a true find: that rare writer who can explore the shadowy side of human nature with the lightest of touches.

Prose Poetry May 24 2022 An engaging and authoritative introduction to an increasingly important and popular literary genre *Prose Poetry* is the first book of its kind—an engaging and authoritative introduction to the history, development, and features of English-language prose poetry, an increasingly important and popular literary form that is still too little understood and appreciated. Poets and scholars Paul Hetherington and Cassandra Atherton introduce prose poetry's key characteristics, chart its evolution from the nineteenth century to the present, and discuss many historical and contemporary prose poems that both demonstrate their great diversity around the Anglophone world and show why they represent some of today's most inventive writing. A prose poem looks like prose but reads like poetry: it lacks the line breaks of other poetic forms but employs poetic techniques, such as internal rhyme, repetition, and compression. *Prose Poetry* explains how this form opens new spaces for writers to create riveting works that reshape the resources of prose while redefining the poetic. Discussing prose poetry's precursors, including William Wordsworth and Walt Whitman, and prose poets such as Charles Simic, Russell Edson, Lydia Davis, and Claudia Rankine, the book pays equal attention to male

and female prose poets, documenting women's essential but frequently unacknowledged contributions to the genre. Revealing how prose poetry tests boundaries and challenges conventions to open up new imaginative vistas, this is an essential book for all readers, students, teachers, and writers of prose poetry.

Bad Blood Oct 25 2019 NATIONAL BESTSELLER • The gripping story of Elizabeth Holmes and Theranos—one of the biggest corporate frauds in history—a tale of ambition and hubris set amid the bold promises of Silicon Valley, rigorously reported by the prize-winning journalist. With a new Afterword. "Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection." —The New York Times Book Review In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup "unicorn" promised to revolutionize the medical industry with its breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes's worth at an estimated \$4.5 billion. There was just one problem: The technology didn't work. Erroneous results put patients in danger, leading to misdiagnoses and unnecessary treatments. All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees.

The Winner-Take-All Society Aug 03 2020 Disney chairman Michael Eisner topped the 1993 Business Week chart of America's highest-paid executives, his \$203 million in earnings roughly 10,000 times that of the lowest paid Disney employee. During the last two decades, the top one percent of U.S. earners captured more than 40 percent of the country's total earnings growth, one of the largest shifts any society has endured without a revolution or military defeat. Robert H. Frank and Philip J. Cook argue that behind this shift lies the spread of "winner-take-all markets"—markets in which small differences in performance give rise to enormous differences in reward. Long familiar in sports and entertainment, this payoff pattern has increasingly permeated law, finance, fashion, publishing, and other fields. The result: in addition to the growing gap between rich and poor, we see important professions like teaching and engineering in aching need of more talent. This relentless emphasis on coming out on top—the best-selling book, the blockbuster film, the Super Bowl winner—has molded our discourse in ways that many find deeply troubling.

THE LOTTERY WINNER Jan 28 2020 Alvirah Meehan, one of Mary Higgins Clark's most beloved characters, returns in these dazzling, intertwined tales of sleuthing and suspense. Alvirah, the former cleaning lady who struck it

rich in the lottery, made her first appearance in *Weep No More, My Lady*. Now, with her devoted mate, Willy, the ever-resourceful Alvirah delves into crime-solving on a grand scale -- and with her own inimitable style. Among their many adventures, Alvirah and Willy find a dead actress in their Central Park South condominium upon their return from London in "The Body in the Closet." Needing a break from the big city, they escape to Cape Cod -- only to meet a would-be heiress framed for murder in "Death on the Cape." When Alvirah and Willy seek the tranquility of the Cypress Point Spa, it's the perfect getaway -- until a jewel thief turns up in "The Lottery Winner." So Big Jun 01 2020 *So Big* is a 1924 novel written by Edna Ferber. The book was inspired by the life of Antje Paarlberg in the Dutch community of South Holland, Illinois, a Chicago suburb. It won the Pulitzer Prize for the Novel in 1925. The story follows the life of a young woman, Selina Peake De Jong, who decides to be a school teacher in farming country. During her stay on the Pool family farm, she encourages the young Roelf Pool to follow his interests, which include art. Upon his mother's death, Roelf runs away to France. Meanwhile, Selina marries a Dutch farmer named Pervus. They have a child together, Dirk, whom she nicknames "So Big," from the common question and answer "How big is baby?" "So-o-o-o big!". Pervus becomes ill and dies, and Selina is forced to take over working on the farm to give Dirk a future. As Dirk gets older, he works as an architect but is more interested in making money than creating buildings and becomes a stock broker, much to his mother's disappointment. His love interest, Dallas O'Mara, an acclaimed artist, echoes this sentiment by trying to convince Dirk that there is more to life than money. Much later in life, Selina is visited by Roelf Pool, who has since become a famous sculptor. Dirk grows very distressed when, after visiting his mother's farm, he realizes that Dallas and Roelf love each other and he cannot compete with the artistically minded sculptor. In the end, Dirk comes to appreciate the wisdom of his mother, who always valued aesthetics and beauty even as she scraped out a living in a stern Dutch community. Ultimately, Dirk is left alone in his sumptuous apartment, saddened by his abandonment of artistic values.

Exteriors Feb 27 2020 Taking the form of random journal entries over the course of seven years, *Exteriors* concentrates on the ephemeral encounters that take place just on the periphery of a person's lived environment. Ernaux captures the feeling of contemporary living on the outskirts of Paris: poignantly lyrical, chaotic, and strangely alive. *Exteriors* is in many ways the most ecstatic of Ernaux's books - the first in which she appears largely free of the haunting personal relationships she has written about so powerfully elsewhere, and the first in which she is able to leave the past

behind her.

The Winner of the Slow Bicycle Race Sep 28 2022 The Winner of the Slow Bicycle Race collects both Krassner's later stories, as well as his most famous satirical pieces from past years. Swiftian in intention and contemporary in subject matter, the book reveals Krassner to have the heart of a muckraker and the spirituality of a seeker after truth. In Krassner's world, Lyndon Johnson chuckles over the dead corpse of J.F.K., a psychiatrist hypnotically regresses a woman who shot her television set, and Nancy Reagan's "Just say no to drugs" becomes "If anybody tries to sell you an ounce of marijuana for \$500, that's way too expensive, so just say no." Kneading fantasy into reality, Krassner ferrets out the higher truths that spotlight the absurdity all around.

Gravel Heart Sep 16 2021 By the winner of the 2021 Nobel Prize in Literature 'The elegance and control of Gurnah's writing, and his understanding of how quietly and slowly and repeatedly a heart can break, make this a deeply rewarding novel' Kamila Shamsie, Guardian _____ For seven-year-old Salim, the pillars upholding his small universe - his indifferent father, his adored uncle, his treasured books, the daily routines of government school and Koran lessons - seem unshakeable. But it is the 1970s, and the winds of change are blowing through Zanzibar: suddenly Salim's father is gone, and the island convulses with violence and corruption the wake of a revolution. It will only be years later, making his way through an alien and hostile London, that Salim will begin to understand the shame and exploitation festering at the heart of his family's history. _____

Nobel Memorial Prize in Economic Sciences
Richard Thaler challenges the received economic wisdom by revealing many of the paradoxes that abound even in the most painstakingly constructed transactions. He presents literate, challenging, and often funny examples of such anomalies as why the winners at auctions are often the real losers—they pay too much and suffer the "winner's curse"—why gamblers bet on long shots at the end of a losing day, why shoppers will save on one appliance only to pass up the identical savings on another, and why sports fans who wouldn't pay more than \$200 for a Super Bowl ticket wouldn't sell one they own for less than \$400. He also demonstrates that markets do not always operate with the traplike efficiency we impute to them.

Beware the Winner's Curse Feb 21 2022

It explores recent disasters in business, sports, and entertainment, and offers concrete steps that managers can take to avoid encountering the

The Winners Jul 26 2022 'This is a stunning read that plunges you into another world. Backman writes with incredible sensitivity and insight. Every one of the characters is real and multi-faceted, having you breathlessly turning the pages, following their fears and hopes, fretting for their futures. This is storytelling at its best: Emotional, vivid, wise and utterly brilliant' Hazel Prior 'It's often said that winners write history, but there are no winners here' This is a small story about big questions. It's a story about family, community, life. It starts with a storm - and a death. But how does it end? Two years have passed since the events that no one wants to think about. Everyone has tried to move on, but there's something about this place that prevents it. The residents continue to grapple with life's big questions: What is a family? What is a community? And what, if anything, are we willing to sacrifice in order to protect them? As the locals of Beartown struggle to overcome the past, great change is on the horizon. Someone is coming home after a long time away. Someone will be

laid to rest. Someone will fall in love, someone will try to fix their marriage, and someone will do anything to save their children. Someone will submit to hate, someone will fight, and someone will grab a gun and walk towards the ice rink. So what are the residents of Beartown willing to sacrifice for their home? Everything. Praise for the Beartown books: 'I utterly believed in the residents of Beartown, and felt ripped apart by the events in the book' Jojo Moyes 'Surrounded by impenetrable forests, Beartown recreates the stifling atmosphere of a dying community. A mature, compassionate novel' Sunday Times 'Backman can tickle the funny bone and tug on the heart strings when he needs to, and is a clever enough storyteller to not overindulge in either' Independent 'As popular Swedish exports go, Backman is up there with ABBA and Stieg Larsson' The New York Times Book Review 'Backman is a masterful writer' Kirkus Review **The stunning new novel from multi-million bestselling author Fredrik Backman.
