Greater Medieval Houses of England and Wales, 1300-1500: Volume 2, East Anglia, Central England and Wales Sep 04 2020 The second volume of a massive, illustrated survey, the first of its kind for 150 years.

Fantasy Fiction and Welsh Myth Sep 28 2022 This book examines how contemporary fantasy literature offers critical insights into western society and culture by drawing on the ancient myths of Wales. These books emphasise the need to have a set of social and personal values in order to be free from a sense of dislocation and alienation in a highly technologised society and in order to satisfy the sense of 'hiraeth' or longing for a place where one truly belongs.

Somewhere in Europe May 24 2022 After reluctantly being 'rationalised' from his Foreign Office job, Kevin Crump takes up a teaching position at Cambrian University,

the most improved university in South Wales.

*The Beauties of England and Wales, Or, Delineations, Topographical, Historical, and Descriptive, of Each County* Jul 22 2019

*The Beauties of England and Wales* Sep 23 2019

*Young People's Attitudes to Religious Diversity* Feb 27 2020 Investigating the hitherto unexplored topic of how young people understand and relate to religious diversity in the social context in which they are growing up, this book makes a significant contribution to the existing body of literature on religious diversity and multiculturalism. It closes a gap in knowledge about young people's attitudes to religious diversity, and reports data gathered across the whole of the UK as well as comparative chapters on Canada, USA and continental Europe. Reporting findings from both qualitative and quantitative research which reveal, for example, the importance of the particular social and geographical context within which young people are embedded, the volume addresses young people's attitudes towards the range of 'world religions' as well as non-religious stances and offers an interdisciplinary approach through the different analytical perspectives of the contributors.

*The Beauties of England and Wales* Apr 11 2021

*For Wales, See England* Feb 09 2021 A history of the Welsh language from the early medieval period to the present day, looking at its central role in Welsh identity with reference to the political relationship between Wales and England.

*The Industrial Progress of New South Wales: Being a Report of the Intercolonial Exhibition of 1870, at Sydney; Together with a Variety of Papers Illustrative of the Industrial Resources of the Colony. [With Maps and Plans.]* Nov 06 2020

*Letters to Diana, Princess of Wales* Dec 07 2020 In April of 1992 John L. Van der Heyden registered a trademark for courses, trainings and education at the Benelux Trade Registrar in The Hague with the name Instituto Cervantes and founded the Foundation Cervantes Benelux. Four years later, on the 31st of July he invited the Crown Princes of The Netherlands, Belgium, Luxemburg and Spain to become the government of the foundation. The next day -- the first of August -- Van der Heyden went to England and lighted a candle at Canterbury Cathedral. From that time it became clear to him that Princess Diana was also interested in his project. How things developed from that time is explained in *Letters to Diana, Princess of Wales*. The story ends with the fatal kidnapping in Paris, exactly four weeks before Diana and Van der Heyden's proposed wedding day in The Netherlands.

*Tales about England, Scotland, Ireland and Wales* Dec 27 2019

*The Welsh Princes* Apr 23 2022 The Welsh princes were one of the most important ruling elites in medieval western Europe. This volume examines their behaviour, influence and power in a period when the Welsh were struggling to maintain their independence and identity in the face of Anglo-Norman settlement. From the mid-eleventh century to the end of the thirteenth, Wales was profoundly transformed by conquest and foreign 'colonial' settlement. Massive changes took place in the political, economic, social and religious spheres and Welsh culture was significantly affected. Roger Turvey looks at this transformation, its impact on the Welsh princes and the part they themselves played in it. Turvey's survey of the various aspects of princely life, power and influence draws out the human qualities of these flesh and blood characters, and is written very much with the general reader in mind.

*The Medieval Castle in England and Wales* Jun 20 2019 This original and pioneering book examines the role of the castle in the Norman conquest of England and in the subsequent administration of the country. The castle is seen primarily as an instrument of peaceful administration which rarely had a garrison and was more often where the sheriff kept his files and employed his secretariat. In most cases the military significance of the castle was minimal, and only a very few ever saw military action. For the first time, the medieval castle in England is seen in a new light which will attract the general reader of history and archaeology as much as

the specialist in economic and social history.

*Census of England and Wales. 1911 ... Jan 20 2022 Area, families or separate occupiers, and population ...*

*A History of Welsh Music Jun 25 2022 From early medieval bards to the bands of the 'Cool Cymru' era, this book looks at Welsh musical practices and traditions, the forces that have influenced and directed them, and the ways in which the idea of Wales as a 'musical nation' has been formed and embedded in popular consciousness in Wales and beyond. Beginning with early medieval descriptions of musical life in Wales, the book provides both an overarching study of Welsh music history and detailed consideration of the ideas, beliefs, practices and institutions that shaped it. Topics include the eisteddfod, the church and the chapel, the influence of the Welsh language and Welsh cultural traditions, the scholarship of the Celtic Revival and the folk song movement, the impacts of industrialization and digitization, and exposure to broader trends in popular culture, including commercial popular music and sport.*

*The Bayeux Tapestry Mar 22 2022 The vivid scenes on the Bayeux Tapestry depict the events leading up to the Battle of Hastings in 1066. It is one of Europe's greatest treasures and its own story is full of drama and surprise. Who commissioned the tapestry? Was it Bishop Odo, William's ruthless half-brother? Or Harold's dynamic sister Edith, juggling for a place in the new court? Hicks shows us this world and the miracle of the tapestry's making: the stitches, dyes and strange details in the margins. For centuries it lay ignored in Bayeux cathedral until its 'discovery' in the eighteenth century. It became a symbol of power as well as art: townsfolk saved it during the French Revolution; Napoleon displayed it to promote his own conquest; the Nazis strove to make it their own; and its influence endures today. This marvellous book, packed with thrilling stories, shows how we remake history in every age and how a great work of art has a life of its own.*

*Houses of the Welsh Countryside Dec 19 2021 When this book was first published in 1975 it was at once enthusiastically received by scholars and the general public alike and recognized as a classic of its genre. It represented a notable publication of the early fruits of the Commission's work on the side of its responsibility for the National Monuments Record for Wales. During the years which have since intervened, much fresh information has come to light concerning Welsh houses - not least because of the intense interest awakened by the original publication. This new knowledge has, as far as possible, been incorporated in the new and revised edition, which contains approximately onequarter more material than the first. Although it has not been possible to alter the original text, a number of additional maps and photographs have been included and a new dust-jacket has been designed. The Commissioners would wish warmly to congratulate their Secretary, Mr. Peter Smith, those of his colleagues who were associated with him, and H.M.S.O. on the excellence of this volume. It marks another outstanding landmark in the study of vernacular*

architecture, not only in Wales but also in the British Isles, and a major achievement on the part of its author. Although this second edition of *Houses of the Welsh Countryside* retains in their entirety the text, the illustrations, and the layout of the volume first published in 1975, it also includes a substantial amount of new information which has come to light since that date. Some of this new material takes the form of additional figures inserted where appropriate into the existing illustrative pages. Similarly a small number of additional colour plates showing typical houses in characteristic settings has been tipped into the text. There are also additions to the original map lists. It has not been possible for reasons of cost to bring the maps themselves up to date, but as the newly-discovered sites nearly always reinforce the distribution patterns first indicated, this omission is not crucial. The numbers of new discoveries can vary from a mere handful on one list to several hundred on another. All other new material is introduced as part of an additional SECTION IV at the back of the volume. This section comprises: *Corrigenda* Covering sites which were inadequately or incorrectly described in the first volume, involving in one case a complete reappraisal of the original reference. *Addenda I* Describing and illustrating a small number of newly surveyed houses of especial interest which could not easily be fitted into the illustrations in the main text. *Addenda II* Analysing the incidence of date-inscriptions as evidence for building activity. *Addenda III* Listing and mapping a number of features of domestic architecture not previously so noted. *Addenda IV* Listing and mapping various features of ecclesiastical architecture which also occur in houses and which therefore have a bearing on the evolution of domestic architecture.

*Great Houses of England & Wales* Jul 14 2021 Records thirty-two of the most important estates in words and photographs.

*Hill and valley, or Hours in England and Wales* Jun 13 2021

*The Antiquities of England and Wales* Jul 02 2020

*Greater Medieval Houses of England and Wales, 1300-1500: Volume 3, Southern England* Aug 15 2021 This is the third volume of Anthony Emery's magisterial survey, *Greater Medieval Houses of England and Wales, 1300-1500*, first published in 2006. Across the three volumes Emery has examined afresh and re-assessed over 750 houses, the first comprehensive review of the subject for 150 years. Covered are the full range of leading homes, from royal and episcopal palaces to manor houses, as well as community buildings such as academic colleges, monastic granges and secular colleges of canons. This volume surveys Southern England and is divided into three regions, each of which includes a separate historical and architectural introduction as well as thematic essays prompted by key buildings. The text is complemented throughout by a wide range of plans and diagrams and a wealth of photographs showing the present condition of almost every house discussed. This is an essential source for anyone interested in the history, architecture and culture of medieval England and Wales.

*Medieval Castles of England and Wales* Aug 23 2019 Designed to dominate the surrounding area, to house powerful garrisons, offer sumptuous quarters for local nobility, and to discourage and repel enemy attacks, castles dominated England and Wales for more than half a millennium. Though some were built before 1066, the Norman Conquest left a lasting legacy in the form of fortifications ranging from small earthworks now barely discernible, to mighty and dominating stone fortresses. This book examines why castles were so essential to medieval warfare, their importance in domestic politics, and the day-to-day lives of those who lived and worked within them. It also shows how the development of new technologies affected their construction and design, and why they eventually fell into disrepair in the late Middle Ages. Beautifully illustrated with stunning photographs, this is the perfect guide for any castle enthusiast seeking to discover more about medieval fortifications and their inhabitants.

*Shakespeare's Princes of Wales* Sep 16 2021 *Shakespeare's Princes of Wales* spotlights the surprising abundance of princes of Wales—English and Welsh

alike-appearing onstage in the late Tudor and early Stuart period. In drawing our attention to the oft-overlooked and frequently misunderstood Welsh inheritance, and in investigating its staged and shadowed heirs in plays and court performances by Shakespeare, Peele, Fletcher, Jonson, and more, Marisa R. Cull suggests that the growing scholarly interest in Wales's influence on English national identity must be conditioned by the political and theatrical specificity of the principedom. Illuminating the principedom's unique role as an extension of the Welsh past in contemporary England, Shakespeare's *Princes of Wales* reveals early modern English culture's understanding of the principedom as linked to England's most pressing national crises: the tenuous connection between bloodline and succession, the anxiety over England's native strength, and the fraught process of fashioning a British state. In the pages of this book, we meet familiar characters—Hal, Glendower, Fluellen, and more—wholly transformed through the added insights about the principedom, and encounter long-ignored or forgotten heirs, meaningfully resurrected for the insights they provide on the Anglo-Welsh past. In telling the story of the early modern principedom, Shakespeare's *Princes of Wales* offers new insights not only into that period's politics and theater, but also into a title that survives, in continued complexity, to this day.
