[Eye of the Pharaoh](#) Jun 11 2021 "We're going to find someone with a nice ship. Someone who doesn't

deserve one. And we're going to steal it." Esper made that promise. Now it's time to make good. The Cult of Ra has a flagship, and thanks to a turncoat in their ranks, Esper and her friends know where it's going to be. Better yet, they know that Pharaoh Ramesses XIII will be aboard. It's time to cut the head off the cult. One problem... The cult knows they're coming. Two problems, actually... The Poet Fleet knows where they are, too, and have sent a team to make Esper pay for humiliating their admiral. What comes next is a battle of trap and counter-trap, deception and betrayal. Who is worthy of trust? Redemption? And will our heroes be able to win the day without crossing the gooey red line into villainy themselves? It's a thrilling showdown between the forces of evil and the forces of fed up with evil. Eye of the Pharaoh is the eighth mission of Black Ocean: Mercy for Hire. It follows the exploits of a pair of do-gooder bounty hunters who care more about saving the day than getting a payday. Mercy for Hire builds on the rich Black Ocean universe and introduces a colorful cast for new and returning readers alike. Fans of vigilante justice and heroes who exemplify the word will love this series. Your copy awaits if you have the will to seize it!

The Year's Best Science Fiction: Twenty-Second Annual Collection Dec 25 2019 Widely regarded as the one essential book for every science fiction fan, The Year's Best Science Fiction (Winner of the 2004 Locus Award for Best Anthology) continues to uphold its standard of excellence with more than two dozen stories representing the previous year's best SF writing. Smith and Pharaohs and other Tales May 30 2020 Reproduction of the original: Smith and Pharaohs and other Tales by H. Rider Haggard

Where Pharaohs Dwell Dec 05 2020 In this thought-provoking book, Patricia Cori takes time from her channeled work as the Scribe to the Speakers of the Sirian High Council to focus on her past-life experiences in ancient Egypt. The book begins dramatically with the traumatic recall of a past Egyptian life, when Cori relives a horrifying death by suffocation—from being buried alive. This experience propels her on a journey of exploration into the question of human immortality, leading her back to Egypt where she unravels the origins of the ancient Egyptians' obsession with the resurrection of the soul. Cori's discoveries reveal new perspectives on Egyptian mysteries, new timelines as to the beginnings of the civilization, and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations, such as that of Atlantis. As she returns to sites of her former lives, Cori begins to receive messages through which she relives the past-life regression, guiding her to discover secrets of the ancient Egyptians. Finally, she travels beyond the veil of illusions into the "otherworld" of possibilities that lies beyond physical existence. This exciting book weaves strands of science, history, and metaphysics into a shimmering tapestry of personal discovery.

Spiritual and Galactic Awakening Mar 20 2022 This book by Judith L. Cameron, Ph.D. is the continuation of her true story of her ongoing encounters with benevolent extraterrestrials and the education that she has received from them throughout her life. She began sharing her story in her first book, "Caught Between Two Worlds...A Journey Through Time. She had a lucid dream that told her that part of her life's work was to train to be an ambassador—a liaison between Earth humans and extraterrestrials when the star visitors come en masse on their first contact mission. Follow Judy's continuing adventure from being a child of six and meeting her first extraterrestrials to her present-day encounters which have occurred in many different ways. Judy talks about the remarkable things she has learned from these benevolent beings, disclosure, and the awakening of the masses. She will take you around the world sharing with you the stargates that are present and who is assumed to have built them. Traveling around the globe to exotic places such as Bora Bora, Orpheus Island, Australia on the Great Barrier Reef, Hawaii, the great American Southwest, Mecca, Saudi Arabia, Cairo, Egypt, and Dubai, United Arab Emirates, Judy's story will enchant and at times, captivate you. Working as a public-school teacher for forty years teaching all grade levels, and at NASA, the National Aeronautics and Space Administration as an educational consultant, along with her work as a doctor of clinical hypnotherapy, have given Judy the

background and credibility that she needs to carry out her mission. Follow Judy now as you learn of the wonderful possibilities for our future Earth.

**Symmetry, Spectroscopy, and Crystallography** Mar 08 2021 Written in a clear and understandable manner, this book provides a comprehensive, yet non-mathematical, treatment of the topic, covering the basic principles of symmetry and the important spectroscopic techniques used to probe molecular structure. The chapters are extensively illustrated and deal with such topics as symmetry elements, operations and descriptors, symmetry guidelines, high-fidelity pseudosymmetry, crystallographic symmetry, molecular gears, and experimental techniques, including X-ray crystallography and NMR spectroscopy. As an additional feature, 3D animations of most of the structures and molecules covered are available online at wiley.com. As a result, chemists learn how to understand and predict molecular structures and reactivity. Authored by a renowned expert with numerous publications and an excellent track record in research and teaching, this is a useful source for graduate students and researchers working in the field of organic synthesis, physical chemistry, biochemistry, and crystallography, while equally serving as supplementary reading for courses on stereochemistry, organic synthesis, or crystallography.

**Peoples of the Sea** Oct 15 2021 "Peoples of the Sea" is, in some sense, the culmination of the series "Ages in Chaos." In this volume the erroneous time shift of classical history reaches its maximum span - 800 years! With carefully documented evidence and indisputable arguments, Velikovsky places Ramses III firmly into the 4th century B.C. thereby solving, once and for all, numerous conundrums that historians had been confronted with in the past. He unveils the surprising identity of the so-called "Peoples of the Sea," clarifies the role of the Philistines and solves the enigma of the Dynasty of Priests. This volume leads Velikovsky's revised chronology up to the time of Alexander where it links-up with the records of classical chronology. In an extensive supplement Velikovsky delves into the fundamental question of how such a dramatic shift in chronology could have come about. Analyzing the main pillars of Egyptian chronology, he points out where the most dramatic mistakes were made and addresses the misunderstanding underlying the "astronomical chronology." In a further supplement he discusses the very interesting conclusions that can be drawn from radiocarbon testing on Egyptian (archeological) finds.

**Awakening the Pharaoh** Jul 20 2019 **AWAKENING THE PHARAOH** How to Avoid World Cataclysm in 2012 \* The story described in this book refers to real and authentic events and people. \* Since May 2001 we have obtained information on the location of the tomb of Pharaoh who built the Great Pyramid in Egypt. This information was obtained from a Polish woman, Lucyna Lobos, through sessions of hypnotic age regression. \* The excavation of the Pharaoh's tomb and placing the mummy in the sarcophagus of the Great Pyramid is suppose to "open" the Pyramid and create a protection from catastrophic changes such as global warming and natural disasters, especially from the danger of year 2012, i.e. changing of the Earth polarity. \* According to obtained information, the Great Pyramid was constructed about 6,500 years ago by the Pharaoh whose name was THE ONE WHO CAME FROM HEAVEN. \* The main builders of the Pyramid originated from a distant civilization in the Orion Constellation and were from a planet called Ashun. During the Pyramid's construction the people of the earth only performed basic lighter tasks. \* In order to empirically validate this information from the age regression sessions with Lucyna Lobos, the University of Wroclaw (Poland) has initiated archeological excavations in the southern mountain in Poland called Sleza in August 2004. These excavations are still proceeding today. \* To further validate this information, the University of Cairo performed radar ground penetrating research (GPR) in the area of the Great Pyramid to the depth of over 60 meters in February 2006. This was achieved with the permission of the Supreme Council of Antiquities in Egypt.

**A History of the Pharaohs** Oct 03 2020 A two-volume 1925 history of ancient Egypt, offering a chronological narrative from the earliest dynasty to the mid-eighteenth.

**Anarna and the Nile** Jul 24 2022 The story of the book begins in ancient Egypt during the reign of Pharaoh Amenhotep IV or, as he would later be remembered, Akhenaten. It moves to New York City over two thousand years later, where a young woman named Catherine Paul lives, whose life was to be changed forever. She was a direct descendant of Queen Nefertiti, his wife and his coruler of Egypt. The whole of planet Earth was being threatened by forces from another galaxy, and she would be caught up in the struggle to save the planet. There were others in the other galaxy who wanted to save the Earth. The past and the present would come together to fight off the invaders and save Earth.

**Orion's Highway Across the Galaxy** May 22 2022 The book, titled Orion s Highway Across the Galaxy, is

about an alien from a distant planet assigned to help mankind by making specific individuals in the past become famous. His name is Enoch and he is a distant cousin of the human race. Gifted with certain skills, he is able to help Nostradamus, Mozart, and Dr. Christiaan Barnard gain the recognition that they richly deserved. The following is a quote from Enoch as he summarizes his life: Nostradamus, Mozart, and Dr. Barnard all these men with different personalities were the ones that I helped in the corresponding years 1513, 1756, and 1962. Mozart lived for only thirty-five years because of the drugs he received as a baby causing his brain to deform. For every bad thing, there is a good thing: his contribution was the brilliance of his music that he left for society. When I recall the three Earthlings that I guided toward recognition, I concede that their beginnings were apt to be shadowy. So it is with great men trying to find their beginnings with their inner skills that are undeveloped. Most critics, then and now, still debate the success of their accomplishments with doubt and jealousy, and yet, wishing that they could achieve fame themselves. The plain and inescapable truth is that these men struggled with a desire that motivated them, and in the absence of eyewitnesses, no one was there to see me rally them on. I gave them inspiration and the ability to meet their goals. Enoch, II With a life span of twelve hundred years, Enoch is capable of accomplishing many goals set forth by his superiors. The only goal that he cannot successfully complete is to make a decision to marry Beena, the red-haired beauty whom he loves, or to marry Brianna, the beautiful blond that had his child out of wedlock. During Enoch's multiple visits to planet Earth, he discovers the mysteries of the universe. The following is one of Enoch's discoveries: Traveling at Warp 5, we crossed the barrier that separates the two spiral sectors in our galaxy, called the Milky Way. Beyond the stream of neutrinos on the other side of the barrier, I could see the multicolored beacons that our radar illuminated on the monitor screen. The green rings and yellow dots in a circular pattern outlined the entrance to Orion's Highway, a pathway that led to planet Earth. My assignment was to help an individual on Earth to become historically famous an individual whose artistic music skills would calm the soul and quench the fires of war within the hearts of men! The individual was my distant cousin, and I was about to become my Brother's Keeper. Enoch, II The story line unravels universal mysteries about the feasibility of space flight at warp speeds, a decoding of the Bible that shows when the Great Flood occurred, and the purpose fo

A History of Egypt under the Pharaohs, Derived Entirely from the Monuments Feb 25 2020 This illustrated two-volume history of Egypt, 'derived entirely from the monuments', was first published in an English translation in 1879. Brugsch brings to bear his wide experience of the archaeological sites together with his linguistic expertise, and deliberately eschews later Greek and Roman accounts of Egypt.

Infinite Creator Drive Jan 26 2020 'Infinite Creator Drive Is way beyond a great read'. It's an epic journey.' The Story makes for an awesome travelling companion for those surfers and holiday makers requiring a great adventure of the mind and spirit. K.J.Gordon has taken the beauty of Australia, the World and the Universe and presented not only a great read, it propels a world embracing free energy. And yes there are consequences of Biblical proportions. The story has several plots some shallow and funny some deep and thought provoking. Infinite Creator Drive is an interesting space journey of discovery - As well as being thoroughly entertaining. L.Haydn Gully June 2015 REVIEW Infinite Creator Drive is a revealing romp through space. There is an abundance of plausible technology and future incite from the author K J

GORDON. And there are aspects which really make the reader stop and think. The concept dealing with superior alien life is very original and shows a depth in marine science and biochemistry which must remain un-discussed as not to spoil the surprise and or shock. The addition of DNA characters of legend add authentic aspects to the 'life' discussion as it flows through the entire story line. And indeed, not without a twist in the tail. The story of Infinite Creator Drive has a depth of unusual twists and is not so much pitched as sprayed across the imagination. The reader needs to take stock of relative time as the journey hurtles through existing science on its way to find a new humanity. One needs the seatbelts well tightened for this journey, as well as safety gear for the powerful riding of surfing waves in Oz and on an amazing planet called Endev. The future tech of DNA manufacture, rolling through the subplots, is rather compelling as we are just discovering these future concepts for real. And one wonders at the authors incite. Here is a new science of science fiction written in the non-publishable genre of Aussie Fly Boys meet the most famous man on the planet, Science Fiction. The mind boggles at the ploy. It will never work? The fly boys, being surfer bums with attitude, while the most famous man of his time is an aboriginal man from Alice Springs. He invents anti-gravity. And yes the love interest would be worth meeting for real as her unordinary charm captivates in unusual ways. Lastly, there lies an interesting undercurrent of mental instability and aspergers twinkling lightly through the sub plots as well. The chapter on emotional balance as aspects of understanding Karma will stay with the reader long after they have shed a tear as the end draws near. Pyramid meditation will be required. Infinite Creator Drive is ironically well ahead of its time, past present and future. And the concept of who or what the Infinite Creator Drive is will check the reader's thought processors. And very lastly, the imagery will test the horizons of those prepared to take a journey that pumps the heart in its pace and yet brings a tear in emotive depth. Definitely too long for a movie but what a ride that would.

Awakening the Planetary Mind May 10 2021 Completing our conscious evolution by releasing our collective fear of catastrophes • Explains how we are on the cusp of an era of incredible creative growth • Shows how we are about to overcome the collective fear caused by ancient catastrophes as we awaken to the memories of our lost prehistory • Examines legendary cataclysms and scientific evidence of a highly advanced global culture that disappeared 11,500 years ago In this completely revised and expanded edition of Catastrophobia, bestselling author Barbara Hand Clow explains how we are on the cusp of an age of incredible creative growth made possible by restoring our lost prehistory. Examining legendary cataclysms--such as the fall of Atlantis and the biblical Flood--and the mounting geological and archaeological evidence that many of these mythic catastrophes were actual events, she reveals the existence of a highly advanced global maritime culture that disappeared amid great earth changes and rising seas 14,000 to 11,500 years ago, nearly causing our species' extinction and leaving humanity's collective psyche deeply scarred. Tracing humanity's reemergence after these prehistoric catastrophes, Clow explains how these events in the deep past influence our consciousness today. Guided by Carl Johan Calleman's analysis of the Mayan Calendar, she reveals that as the Earth's 26,000-year precessional cycle shifts, our evolution is accelerating to prepare us for a new age of harmony and peace. She explains how we are beginning a collective healing as ancient memories of prehistory awaken in our minds and release our unprocessed fear. Passed from generation to generation, this fear has been responsible for our constant expectations of apocalypse. She shows that by remembering and moving beyond the trauma of our long lost past, we bring the era of cataclysms to an end and cross the threshold into a time of extraordinary creative activity.

2012 and the Galactic Center Nov 16 2021 A guide to the expansion of consciousness possible during the Galactic Alignment of 2012 • Reveals the new era that will be ushered in as the current perception of time collapses and spiritual perception expands • Explains the psycho-spiritual preparations necessary to transition into this new era • Shows how the alignment of the sun with the Galactic Center will allow humans to experience awareness normally reserved for shamans, pharaohs, and sages This is an extraordinary time in the planet's history. In 2012, for the first time in almost 26,000 years, our sun will be most closely aligned to the Galactic Center. This Galactic Alignment, which began with the Harmonic Convergence in 1987 and will conclude in 2023, presents a thirty-six-year window of opportunity for humanity to participate in the creation of a new era of expanded consciousness. Christine Page explains that, as the source of all creation, our galaxy is the Great Mother and its center, her heart. Auspiciously aligning Earth with the heart of the Great Mother, the Galactic Alignment heralds a rebirth of the divine feminine qualities of the Triple Goddess--intuition, emotional creativity, and renewal. Drawing on alchemy and mythology, Page details how to connect with and use the sacred spiritual tools unlocked during the alignment to merge with the Great Mother, a spiritual transformation that allows us to expand our awareness and experience ourselves as eternal beings.

201 Billion Galaxies Sep 14 2021 This is a book of true stories and insights that address religious beliefs where they come from and where they might be going. It confronts the difficulties between age-old human faiths and modern scientific discoveries, discussing the impacts and discontinuities that result. Violence, permission, sex, the afterlife are all here, but not in the usual way. Who will actually be on the Starship Enterprise? How many sentient beings are there in the universe? What is a soul, actually? What does holy really mean? These are a few of the issues that are dealt with through the stories. Of course a very big question, as indicated by the title of the book, is exactly where do we and our religions fit in a

universe of a billion trillion stars and an unimaginable number of life-sustaining planets?

Galactic Quest Jan 18 2022 A team of friends are on an adventure to gather the pieces of a powerful weapon that would not only destroy our own galaxies but the galaxies of the other dimensions. The team has to travel from planet to planet just to find one piece on each of the planets before the evil Order of the Book of Shadow finds them. The team runs into a great deal of trouble along the way which slows their search for these pieces down. The question on both sides minds is are we going to be the ones to gather the most pieces of this weapon and will it be able to be used without some of the pieces being present?

Heaven, Evolution, and Us Sep 21 2019 The word Heaven was used because that is where most of the characters in the book came from Evolution is used because the book provides a timeline of how Homo sapiens (us) might have evolved from a single-celled organism. This science fiction story is about what God does with the souls that go to heaven and how the animals on planet Earth might have evolved into us, Homo sapiens. The latter part of the story is devoted to what we wonder about God.

Universal Law Jul 12 2021 The book has been reprinted many times, more and more people will pay attention, probably all the people in this world has a lot of doubts and their contemporary world of religious, philosophical and scientific theories of natural increasingly dissatisfied with the explanation, they are waiting for better discoveries and breakthroughs. This book at this point of time, answered the existing religion, philosophy and even science can't answer the question, but gave some possible answers. Believe that in the future, there will be more and more people who will trust and accept this book, love it, support it, and continue to improve it. People who read this will have the knowledge of it, and constantly feel the power and find that social illness and reform it, get rid of it, so that our society will progress and knowledge will advance, there will be no more war. By that time, the Earthlings will be proud to say in the whole wide universe, we also understand the rules of the universe, and you could go now to join the ranks.

The Pharaoh Contract Aug 21 2019 One man—the Lone Emancipator—is programmed to bring down the slave trade from within in the first novel in the classic science fiction trilogy. Ruiz Aw is an Art League enforcer sent to investigate the disappearance of several slaves from the planet Pharaoh prior to their being "harvested". They are the property of the Art League and their property has been stolen. Ruiz is an ex-slave now working for the League, doing its corporate slave trading dirty work. Pharaoh is a planet of slave herds, castes and imagination. It is a planet without hope or freedom. It is a planet of slave poachers. Ruiz must go undercover to find these poachers for the league but he has a conflicting responsibility: he is also the Lone Emancipator, a man with an oath to bring down the slave trade and destroy the League. He alone is the galaxy's last chance. However, if Ruiz is caught or his plan uncovered, the Gencha death net anchored deep within his brain is programmed to kill him!

The Good Kings Apr 09 2021 Written in the tradition of historians like Stacy Schiff and Amanda Foreman who find modern lessons in ancient history, this provocative narrative explores the lives of five remarkable pharaohs who ruled Egypt with absolute power, shining a new light on the country's 3,000-year empire and its meaning today.

Before the Pharaohs Aug 25 2022 Presents conclusive evidence that ancient Egypt was originally the remnant of an earlier, highly sophisticated civilization • Supports earlier speculations based on myth and esoteric sources with scientific proof from the fields of genetics, engineering, and geology • Provides further proof of the connection between the Mayans and ancient Egyptians • Links the mystery of Cro-Magnon man to the rise and fall of this ancient civilization In the late nineteenth century, French explorer Augustus Le Plongeon, after years of research in Mexico's Yucatán Peninsula, concluded that the Mayan and Egyptian civilizations were related--as remnants of a once greater and highly sophisticated culture. The discoveries of modern researchers over the last two decades now support this once derided speculation with evidence revealing that the Sphinx is thousands of years older than Egyptologists have claimed, that the pyramids were not tombs but geomechanical power plants, and that the megaliths of the Nabta Playa reveal complex astronomical star maps that existed 4,000 years before conventional historians deemed such knowledge possible. Much of the past support for prehistoric civilization has relied on esoteric traditions and mythic narrative. Using hard scientific evidence from the fields of archaeology, genetics, engineering, and geology, as well as sacred and religious texts, Malkowski shows that these mythic narratives are based on actual events and that a highly sophisticated civilization did

once exist prior to those of Egypt and Sumer. Tying its cataclysmic fall to the mysterious disappearance of Cro-Magnon culture, Before the Pharaohs offers a compelling new view of humanity's past.

The Origin Map Feb 19 2022 On a desolate plain in the Egyptian Sahara desert, west of Aswan, there is a very remote prehistoric site called Nabta Playa. There, a recently discovered complex of extremely ancient man-made megalithic structures have baffled the archaeologists who excavated them. An insight into the meaning and use of the megaliths led to a step-by-step sequence of discoveries, verified by measure and calculation, revealing that the megalithic architecture at Nabta Playa is a unified and detailed astrophysical map of truly astonishing accuracy, with no less than staggering implications. Written for the educated general reader, with technical appendices, the discovery of how to decipher the system of megalithic structures is reported with gripping clarity.

Creating the Soul Body Feb 07 2021 Outlines the principles and mechanics of the soul body, the spiritual vehicle that enables individual consciousness to survive the body's death • Shows that the ancient Vedic, Egyptian, Hebraic, and Pythagorean traditions shared and understood this spiritual practice • Reveals modern science as only now awakening to this ancient sacred science Ancient peoples the world over understood that individual consciousness is rooted in a universal field of consciousness and is therefore eternal, surviving the passing of the physical body. They engaged in spiritual practices to make that transition maximally auspicious. These practices can be described as a kind of alchemy, in which base elements are discarded and higher levels of consciousness are realized. The result is the creation of a vehicle, a soul body, that carries consciousness beyond physical death. These spiritual preparations are symbolized in the Vedic, Egyptian, and Hebraic traditions as a divine stairway or ladder, a step-by-step path of ascent in which the practitioner raises consciousness by degrees until it comes to rest in the bosom of the infinite, thereby becoming "immortal." This spiritual process explains the reincarnation of the Dalai Lama, for example, whose reincarnation is confirmed in infancy through physical and spiritual signs, indicating that the consciousness has been carried from one lifetime to the next. In Creating the Soul Body, Robert Cox maps the spiritual journey of consciousness behind this sacred science of immortality and reveals the practice of creating a soul body in detail. He also shows that this ancient spiritual science resembles advanced theories of modern science, such as wave and particle theory and the unified field theory, and reveals that modern science is only now awakening to this ancient science of "immortality."
