The Emergence of Film Culture Jul 31 2022 Between the two world wars, a distinct and vibrant film culture emerged in Europe. Film festivals and schools were established; film theory and history was written that took cinema seriously as an art form; and critical writing that created the film canon flourished. This scene was decidedly transnational and creative, overcoming traditional boundaries between theory and practice, and between national and linguistic borders. This new European film culture established film as a valid form of social expression, as an art form, and as a political force to be reckoned with. By examining the extraordinarily rich and creative uses of cinema in the interwar period, we can examine the roots of film culture as we know it today.

[Political Fellini](#) Jul 19 2021 Federico Fellini is often considered a disengaged filmmaker, interested in self-

referential dreams and grotesquerie rather than contemporary politics. This book challenges that myth by examining the filmmaker's reception in Italy, and by exploring his films in the context of significant political debates. By conceiving Fellini's cinema as an individual expression of the nation's "mythical biography," the director's most celebrated themes and images — a nostalgia for childhood, unattainable female figures, fantasy, the circus, carnival — become symbols of Italy's traumatic modernity and perpetual adolescence.

Anni 80 Il Decennio d'oro del Cinema Horror Oct 10 2020 Il presente libro nasce come tentativo di sintetico catalogo ragionato del cinema horror degli anni 80 compiuto da uno spettatore che nel 1980 aveva cinque anni e nel 1990 quindici, quindi uno spettatore fortemente influenzabile e che, pertanto, risente, nei giudizi, delle proprie memorie di giovane testimone, delle paure e delle inquietudini che le tematiche horror gli trasmettevano. L'approccio ai film avviene pertanto su basi fortemente affettive e nostalgiche. L'angolo di prospettiva seguito, è francamente unilaterale: non si è voluto rifare qui una storia generale ed approfondita del cinema horror dal 1980 al 1990, ma verificare l'influenza diretta delle varie tematiche sulla produzione internazionale, le imitazioni del passato e gli indirizzi e le nuove mete indicate dai maestri quali Tobe Hooper, Wes Craven, Kubrick, Carpenter, ect. ect.. Così analizzando le varie tematiche e le piccole o grandi ideologie che esse trasmettono potremo ritrovare alcuni tratti tipici di fortunatissimi filoni quali Halloween, Venerdì 13, solo per citare i più importanti. Inoltre un viaggio nel Cinema Horror degli anni 80 analizzato sotto un profilo laico ed il profilo religioso, prettamente cattolico. Diversificazioni di analisi, certo, ma un sicuro approfondimento delle tematiche che ci interessano. Infatti di tutti i film presi in considerazione, non solo si dà un sintetico giudizio laico, ma si riporta anche l'approfondita Scheda redatta dal Centro Cattolico Cinematografico che analizza la trama, valuta il film sotto il profilo etico-morale-religioso, al fine di indicare ai Cattolici se può essere visto o meno. Ne viene fuori uno spaccato veramente interessante e, a volte, addirittura divertente. Bisogna dare atto, però, che la critica cattolica sa diversificare il giudizio religioso da quello tecnico-creativo. Ciò vuol dire che un film può essere riconosciuto come un capolavoro, ma non per questo ottenere il nulla osta di visibilità. Il libro è stato concepito per l'editoria elettronica e come tale ha delle peculiarità che il libro cartaceo non ha. La principale è quella della interattività. Non indispensabile ma opportuna. Disponendo di una connessione internet sul proprio lettore di ebook sarà possibile collegarsi, ad esempio, a Wikipedia potendo così consultare una scheda approfondita del film e del suo regista. Inoltre subito dopo l'introduzione si riportano tutti i film horror usciti dal 1980 al 1989 linkati a IMDB e a MRQE per le recensioni in lingua inglese.

Dell'informe 2. Assemblaggi Sep 08 2020 Se l'Informe è un carattere della nostra epoca, è indispensabile ripensare gli strumenti con cui descriviamo e trasformiamo la realtà. Come potrebbero mutare i nostri paradigmi se assumessimo l'Informe come strumento critico? Il ruolo operativo dell'Informe, proposto da Georges Bataille, permette di dare senso a molte pratiche di trasformazione del mondo. "Assemblaggi" è costruito come un montaggio di testi su autori di diverse epoche. La descrizione e il commento delineano un percorso che indaga la potenza plastica e critica dell'Informe come apertura all'indeterminato. L'idea di un'Architettura geologica interroga le pieghe della Terra e dispiega una pratica del "maifinito" come nodo di congiunzione tra tempi e mondi diversi. Mettere in forma la tensione tra le cose costituisce il compito di un'Architettura terrestre per immaginare nuove alleanze capaci di generare futuri.

The Italian Cinema Book Apr 15 2021 THE ITALIAN CINEMA BOOK is an essential guide to the most important historical, aesthetic and cultural aspects of Italian cinema, from 1895 to the present day. With contributions from 39 leading international scholars, the book is structured around six chronologically organised sections: THE SILENT ERA (1895-22) THE BIRTH OF THE TALKIES AND THE FASCIST ERA (1922-45) POSTWAR CINEMATIC CULTURE (1945-59) THE GOLDEN AGE OF ITALIAN CINEMA (1960-80) AN AGE OF CRISIS, TRANSITION AND CONSOLIDATION (1981 TO THE PRESENT) NEW DIRECTIONS IN CRITICAL APPROACHES TO ITALIAN CINEMA Acutely aware of the contemporary 'rethinking' of Italian cinema history, Peter Bondanella has brought together a diverse range of essays which represent the cutting edge of Italian film theory and criticism. This provocative collection will provide the film student, scholar or enthusiast with a comprehensive understanding of the major developments in what might be called twentieth-century Italy's greatest and most original art form.

A History of Italian Cinema Dec 12 2020 A History of Italian Cinema, 2nd edition is the much anticipated update from the author of the bestselling Italian Cinema - which has been published in four landmark editions and will celebrate its 35th anniversary in 2018. Building upon decades of research, Peter Bondanella and Federico Pacchioni reorganize the current History in order to keep the book fresh and responsive not only to the actual films being created in Italy in the twenty-first century but also to the rapidly changing priorities of Italian film studies and film scholars. The new edition brings the definitive history of the subject, from the birth of cinema to the present day, up to date with a revised filmography as well as more focused attention on the melodrama, the crime film, and the historical drama. The book is expanded to include a new generation of directors as well as to highlight themes such as gender issues, immigration, and media politics. Accessible, comprehensive, and heavily illustrated throughout, this is an essential purchase for any fan of Italian film.

The History of Italian Cinema Oct 22 2021 Discusses renowned masters including Roberto Rossellini and Federico Fellini, as well as directors lesser known outside Italy like Dino Risi and Ettore Scola. The author examines overlooked Italian genre films such as horror movies, comedies, and Westerns, and he also devotes attention to neglected periods like the Fascist era. He illuminates the epic scope of Italian filmmaking, showing it to be a powerful cultural force in Italy and leaving no doubt about its enduring influence abroad. Encompassing the social, political, and technical aspects of the craft, the author recreates the world of Italian cinema.

The Visual Turn Mar 03 2020 A collection of cutting-edge articles that demonstrate an implicit dialogue between art historians and film specialists. The Visual Turn is a cutting-edge dialogue between art

historians and film theorists from the silent period to the aftermath of World War II. Its aim is to broaden the horizons of film studies, while making students of art history more comfortable when they approach the key texts of classical film theory. Through pairings of articles, The Visual Turn demonstrates that an implicit dialogue between art historians and film specialists has enriched both fields for decades. By combining original essays, reprints, and translations from French and Italian, The Visual Turn makes this little-known dialogue between two disciplines speak about such rich issues as: iconophobia, iconophilia, and iconoclasm; haptic and optical images; cognitivism and aesthetics; visual form, history, and technology. *Italian Neorealism* May 17 2021 This book seeks to redefine, recontextualize, and reassess Italian neorealism - an artistic movement characterized by stories set among the poor and working class - through innovative close readings and comparative analysis.

New Theatre in Italy Aug 20 2021 New Theatre in Italy 1963-2013 makes the case for the centrality of late-millennium Italian avant-garde theatre in the development of the new forms of performance that have emerged in the 21st Century. Starting in the Sixties, young artists and militants in Italy reacted to the violence in their streets and ruptures in the family unit that are now recognized as having been harbingers of the end of the global post-war system. As traditional rituals of State and Church faltered, a new generation of cultural operators, largely untrained and driven away from political activism, formed collectives to explore new ways of speaking theatrically, new ways to create and experience performance, and new relationships between performer and spectator. Although the vast majority of the works created were transient, like all performance, their aesthetic and social effects continue to surface today across media on a global scale, affecting visual art, cinema, television and the behavioural aesthetics of social networks.

The Maciste Films of Italian Silent Cinema May 29 2022 Italian film star Bartolomeo Pagano's "Maciste" played a key role in his nation's narratives of identity during World War I and after. Jacqueline Reich traces the racial, class, and national transformations undergone by this Italian strongman from African slave in Cabiria (1914), his first film, to bourgeois gentleman, to Alpine soldier of the Great War, to colonial officer in Italy's African adventures. Reich reveals Maciste as a figure who both reflected classical ideals of masculine beauty and virility (later taken up by Mussolini and used for political purposes) and embodied the model Italian citizen. The 12 films at the center of the book, recently restored and newly accessible to a wider public, together with relevant extra-cinematic materials, provide a rich resource for understanding the spread of discourses on masculinity, and national and racial identities during a turbulent period in Italian history. The volume includes an illustrated appendix documenting the restoration and preservation of these cinematic treasures.

Encounters with the Real in Contemporary Italian Literature and Cinema Aug 27 2019 This volume explores the Italian contribution to the current global phenomenon of a "return to reality" by examining the country's rich cultural production in literature and cinema. The focus is particularly on works from the period spanning the Nineties to the present day which offer alternatives to notions of reality as manufactured by the collusion between the neo-liberal state and the media. The book also discusses Italy's relationship with its own cultural past by investigating how Italian authors deal with the return of the specter of Neorealism as it haunts the modern artistic imagination in this new epoch of crisis. Furthermore, the volume engages in dialogue with previous works of criticism on contemporary Italian realism, while going beyond them in devoting equal attention to cinema and literature. The resulting interactions will aid the reader in understanding how the critical arts respond to the triumph of hyperrealism in the current era of the virtual spectacle as they seek new ways to promote cognitive transformations and foster ethical interventions.

Sport, Film and National Culture Nov 03 2022 Sport and film have historically been key components of national cultures and societies. This is the first collection dedicated to examining the intersection of these

popular cultural forces within specific national contexts. Covering films of all types, from Hollywood blockbusters to regional documentaries and newsreels, the book considers how filmic depictions of sport have configured and informed distinctive national cultures, societies and identities. Featuring case studies from 11 national contexts across 6 continents - including North and South America, Europe, Africa, Asia and Oceania - it reveals the common and contrasting approaches that have emerged within sport cinema in differing national contexts. This is fascinating and important reading for all students and researchers working in film, media, cultural studies or sport, and for broader enthusiasts of both sport and film.

Liver Growth and Repair Dec 24 2021 Nelson Fausto The Greek myth of Prometheus with its picture of a vulture feasting on its chained victim has traditionally provided a visual image of liver regeneration. It is a powerful and frightening representation but if one were to substitute the vulture by a surgeon and Prometheus by a patient laying on a properly prepared operating table, the outcome of the procedure would not differ significantly from that described by Greek poets. Yet few of us who work in the field have stopped long enough to ask where this myth originated. Did the poet observe a case of liver regeneration in a human being? Was it brilliant intuition or perhaps, literally, just a 'gut feeling' of a poet looking for good rhymes that led to the prediction that livers grow when part of the tissue is removed?

This book does not attempt to solve these historical issues. It does, instead, cover in detail some of the major modern themes of research on liver regeneration, injury and repair. As indicated in Dr. N. Bucher's chapter, the modern phase of experimental studies on liver regeneration started in 1931 with the publication by Higgins and Anderson of a method to perform a two-thirds resection of the liver of a rat. The technique described has 3 remarkable features: 1) it is highly reproducible, resulting in the removal of 68% of the liver, 2) it has minimal if any mortality, and 3) it consists only of blood vessel ligation and does not involve cutting through or wounding hepatic tissue.

Antonio Pietrangeli, The Director of Women Sep 28 2019 One of the founding fathers of neorealism in the postwar period in Italy, Antonio Pietrangeli went on to focus his lens upon the female subject. Eight of his ten full-length films feature female protagonists. This study seeks to better understand both his achievements and his failings as a feminist auteur as well as analyse his films by applying new critical and theoretical approaches. Pietrangeli's representations of women struggling with questions of identity was a revolutionary act in the 1950s and 1960s. The book makes a case why we should recuperate these films today since the standards for representing women in film continue to fall behind the reality of women's lives off-screen.

The Oxford Handbook of Sport and Society Oct 02 2022 "The Oxford Handbook of Sport and Society features leading international scholars' assessments of scholarly inquiry about sport and society. Divided into six sections, chapters consider dominant issues within key areas, approaches (theory and method) featured in inquiry, and debates needing resolution. Part II: Enterprise and Capital considers globalization, spectacle, mega-events, Olympism, corruption, impacts on cities, communities, and the environment, and the press of leadership cultures, economic imperatives, and marketing. Part III: Participation and Cultures considers questions of health and well-being, violence, the medicalization of injury, influences of science and technology, substance use and abuse, the roles of coaching and emotion, challenges of child maltreatment, climates for scandal and athlete activism, and questions over animals in sporting competition. Part IV: Lifespan and Careers considers child socialization, youth and elite athlete development, the roles of sport in education and social mobility, migratory sport labor practices, arcs defining athletic careers, aging, and retirement, and emergent lifestyle sport cultures. Part V: Inclusion and Exclusion considers sport's role in social inclusion and exclusion, development and discrimination, and features treatments of race and ethnicity, indigenous experiences, the intersection of bodily ideals, obesity, and disability, and the gendered impacts on masculinities, femininities, and non-binary experience. sporting heroism and celebrity, fandom and hooliganism, gambling and match-fixing, and the influences of sport journalism, television and film treatments, advertising, and new media"--

Paolo Sorrentino's Cinema and Television Jan 25 2022 The Naples-born director and screenwriter Paolo Sorrentino has, to date, written and directed nine films, winning an Oscar, a Bafta and a Golden Globe for *The Great Beauty* in 2013. In 2016, he created and directed his first TV series, *The Young Pope*, which starred Jude Law. John Malkovich joined the cast in 2020 for the follow-up series. He has established himself as a world-leading auteur with a list of critically acclaimed and award-winning films. This is an invaluable contribution to the existing literature on Sorrentino and is the first English language collection dedicated to this prolific director, who has emerged as one of the most compelling figures in twenty-first-century European film. International contributors from the UK, Italy, France, The Netherlands, Australia, Israel, Canada and the United States, Italy, Israel, France, UK, Australia, Canada, offer original interpretations of Sorrentino's work. They examine his recurrent grand themes of memory, nostalgia, ageing, love, thirst for fulfilment, search for the self, identity crisis, human estrangement, marginality, irony and power. In so doing, they offer new perspectives and unique cues for discussion, challenging established assumptions and interpretations. Important and current themes such as eco-cinema and post-secularism are addressed as well as the links between Sorrentino's highly visual cinema and artistic practice such as painting and architecture. While there are several books on Sorrentino available in Italian, none of these provide an authoritative account of his work; and language has restricted the readership. This is the first English-language collection focussed on Sorrentino, arguably the most successful and significant contemporary Italian filmmaker. The majority of the chapters included in this new book are original and it also includes a Foreword by Giancarlo Lombardi, Professor of Italian and Comparative Literature at CUNY, and an interview with renowned costume designer Carlo Poggioli, who has worked with Sorrentino on many productions. Some of the chapters were previously published in a special issue of the journal *JICMS - The Journal of Italian Cinema and Media Studies* in 2019. The new collection makes a significant coherent contribution to the field. Primary readership will be academics, researchers and scholars of Italian film and media studies. Also post-graduate students and upper level under-graduates. Potential to be used as textbook or as supplementary reading for undergraduate and graduate courses Given the subject, there is a possibility for some crossover appeal to a broader readership, but this is primarily a scholarly text.

A Grammar of Cinemopoiesis Nov 10 2020 This book explores the theoretical and practical modes of a cinema of poetry and examines how it breaks the convention of narrative in cinema.

Fascism and Theatre Apr 27 2022 Since the 1920s, an endless flow of studies has analyzed the political systems of fascism, the seizure of power, the nature of the regimes, the atrocities committed, and, finally, the wars waged against other countries. However, much less attention has been paid to the strategies of persuasion employed by the regimes to win over the masses for their cause. Among these, fascist propaganda has traditionally been seen as the key means of influencing public opinion. Only recently has the "fascination with Fascism" become a topic of enquiry that has also formed the guiding interest of this volume: it offers, for the first time, a comparative analysis of the forms and functions of theater in countries governed by fascist or para-fascist regimes. By examining a wide spectrum of theatrical manifestations in a number of States with a varying degree of fascistization, these studies establish some of the similarities and differences between the theatrical cultures of several cultures in the interwar period.

Futurism and Politics Jul 07 2020 "Futurism was the state of the Fascist regime" - this is the view one encounters in most books written on Futurist art and literature. Whilst there can be no doubt about Futurist involvement with the founding of the fascist movement, little is known about the internal relationship between Futurists and Fascists in the years 1918-22, nor about the reasons for the Futurists' departure from the Fascist movement in 1920, or about Futurist opposition to (and even armed struggle against) the Fascist regime after 1924. Whilst the public documents testifying to Futurist support of Mussolini are well known, little has been written about Futurist anti-fascism camouflaged as official adherence to the regime. This study, based primarily on unknown or unpublished documents discovered in state archives and private collections, presents a new and far more complex picture of the relationship of the two movements than has previously been shown by critics and historians.

Off Screen May 05 2020 This feminist anthology from Italy offers an enriching perspective on cinema studies. Focusing on women's engagement with political theory and film-making, the book never loses sight of the female experience of cinema. It examines how women have chosen to represent themselves and how they have been represented, and how they deal with the cinematic apparatus, as subjects of production, objects of representation, and spectators. A variety of approaches are offered, ranging from psychoanalysis and semiology to history. With an exhaustive filmography, this anthology of chapters by eminent theorists demonstrates the central importance of recent developments in Italy for the whole spectrum of film and feminist studies.

Italian Fascism's Empire Cinema Aug 08 2020 Ruth Ben-Ghiat provides the first in-depth study of feature and documentary films produced under the auspices of Mussolini's government that took as their subjects or settings Italy's African and Balkan colonies. These "empire films" were Italy's entry into an

international market for the exotic. The films engaged its most experienced and cosmopolitan directors (Augusto Genina, Mario Camerini) as well as new filmmakers (Roberto Rossellini) who would make their marks in the postwar years. Ben-Ghiat sees these films as part of the aesthetic development that would lead to neo-realism. Shot in Libya, Somalia, and Ethiopia, these movies reinforced Fascist racial and labor policies and were largely forgotten after the war. Ben-Ghiat restores them to Italian and international film history in this gripping account of empire, war, and the cinema of dictatorship.

New Trends in Italian Cinema Mar 27 2022 Is the legacy of the Neorealist film-making mode (or should we say mood?) a withered one? If not, what is the ideal dialogue between contemporary Italian directors and this momentous page of their cultural history all about? The aim of this book is to show that, far from being exhausted, the vivifying lymph of post-Second World War Italian Neorealism continues to sustain the aesthetic praxis of many artists. Predominantly, the staying power of Neorealism becomes apparent in the stringent moral urgency behind the realization of films such as *Gomorra*, *Lamerica*, or *Terra Madre*. All of them, although cinematically very sophisticated, retain the anxiety of engagement and the impassionate look upon reality that characterized the masterpieces of Rossellini, De Sica, and Visconti. All the essays in this collection highlight how, in responding to the unprecedented challenges of the New Millennium, Italian movie makers such as Garrone, Amelio, or Olmi, are able to recapture the ethical and methodological spirit of classic Neorealism in very interesting ways.

Operatic and the Everyday in Postwar Italian Film Melodrama Oct 29 2019 Italian cinemas after the war were filled by audiences who had come to watch domestically-produced films of passion and pathos. These highly emotional and consciously theatrical melodramas posed moral questions with stylish flair, redefining popular ways of feeling about romance, family, gender, class, Catholicism, Italy, and feeling itself. *The Operatic and the Everyday in Postwar Italian Film Melodrama* argues for the centrality of melodrama to Italian culture. It uncovers a wealth of films rarely discussed before including family melodramas, the crime stories of neorealismo popolare and opera films, and provides interpretive frameworks that position them in wider debates on aesthetics and society. The book also considers the well-established topics of realism and arthouse auteurism, and re-thinks film history by investigating the presence of melodrama in neorealism and post-war modernism. It places film within its broader cultural context to trace the connections of canonical melodramatists like Visconti and Matarazzo to traditions of opera, the musical theatre of the sceneggiata, visual arts, and magazines. In so doing it seeks to capture the artistry and emotional experiences found within a truly popular form.
