'Le Roman des Eles', and the Anonymous: 'Ordene de Chevalerie' May 30 2020 Scholars and students working on the early courtly and chivalric literature of medieval Europe will have often felt the need for contemporary theoretical material with which to illustrate their arguments about courtesy and chivalry in romances, etc. The present volume, which presents critical editions of the two earliest didactic poems of this kind in the vernacular (both date from the first quarter of the thirteenth century), was conceived partly to fill this need. This book will be of interest not only to specialists in Old French literature, but also to those studying other literatures; both texts are known to have circulated in England in the fourteenth century and are therefore of importance for anglicists; L'Ordene de Chevalerie was adapted into Middle Dutch and Italian several times and provides excellent material for comparatists, netherlandists and italianists; moreover, given the germinal place of Old French literature in the culture of the Middle Ages, both poems are worthy of study in the context of the evolution of the ideals of courtesy and chivalry as European literary phenomenon. Each critical text is accompanied by an extensive literary introduction and philological apparatus, and translations into modern English prose have been appended to render the poems more accessible to non-romanists.

La Edad Media y el dinero Jul 12 2021 En este sintético y aclarador ensayo, el eminente medievalista Jacques Le Goff explica cuál fue la suerte de la moneda o, más bien, de las monedas en la vida, la economía y la mentalidad medieval. En la Edad Media es la Iglesia quien establece la actitud que el cristiano debe tener para con el dinero y el uso que le ha de dar. El dinero ha de tener un valor superior, no mundano; la verdadera riqueza, se insiste, no es de este mundo y, por ello, donar el dinero es tan importante como ganarlo. Sin embargo, la presencia del dinero gana terreno no sólo en el espíritu de los hombres, sino también en su mente. Aun a pesar del lento y limitado desarrollo de la economía medieval, el dinero multiplica su presencia en todos los espacios, desempeñando un papel primordial en el crecimiento de las ciudades y el comercio, y en la constitución de los Estados a lo largo del Medievo.

In Search of Sacred Time Nov 16 2021 How The Golden Legend shaped the medieval imagination It is impossible to understand the late Middle Ages without grasping the importance of The Golden Legend, the most popular medieval collection of saints' lives. Assembled for clerical use in the thirteenth century by Genoese archbishop Jacobus de Voragine, the book became the medieval equivalent of a best seller. By 1500, there were more copies of it in circulation than there were of the Bible itself. Priests drew on The Golden Legend for their sermons, the faithful used it for devotion and piety, and artists and writers mined it endlessly in their works. In Search of Sacred Time is the first comprehensive history and interpretation of this crucial book. Jacques Le Goff, one of the world's most renowned medievalists, provides a lucid, compelling, and unparalleled account of why and how The Golden Legend exerted such a profound influence on medieval life. In Search of Sacred Time explains how The Golden Legend—an encyclopedic work that followed the course of the liturgical calendar and recounted the life of the saint for each feast day—worked its way into the fabric of medieval life. Le Goff describes how this ambitious book was carefully crafted to give sense and shape to the Christian year, underscoring its meaning and drama through the stories of saints, miracles, and martyrdoms. Ultimately, Le Goff argues, The Golden Legend influenced how medieval Christians perceived the passage of time, Christianizing time itself and reconciling human and divine temporality. Authoritative, eloquent, and original, In Search of Sacred Time is a major reinterpretation of a book that is central to comprehending the medieval imagination.

Medieval Civilization 400 - 1500 Mar 20 2022 This one thousand year history of the civilization of western Europe has already been recognized in France as a scholarly contribution of the highest order and as a popular classic. Jacques Le Goff has written a book which will not only be read by generations of students and historians, but which will delight and inform all those interested in the history of medieval Europe. Part one, *Historical Evolution*, is a narrative account of the entire period, from the barbarian settlement of Roman Europe in the fifth, sixth and seventh centuries to the war-torn crises of Christian Europe in the fourteenth and fifteenth centuries. Part two, *Medieval Civilization*, is analytical, concerned with the origins of early medieval ideas of culture and religion, the constraints of time and space in a pre-industrial world and the reconstruction of the lives and sensibilities of the people during this long period. *Medieval Civilization* combines the narrative and descriptive power characteristic of Anglo-Saxon scholarship with the sensitivity and insight of the French historical tradition.

Jacques de Coutre's Singapore and Johor 1594-c.1625 Sep 26 2022 The Flemish gem trader Jacques de Coutre visited Southeast Asia in the early 17th century, and his lengthy account of his experiences provides a glimpse of Singapore, Johor and the Straits of Melaka during an era for which little written material has survived. This special edition, which presents highlights from the full translation, is designed to provide students, teachers and the wider public with a glimpse of this tumultuous region when it was still controlled by local rulers, and Western colonialism was just gaining a foothold. The author describes dangerous intrigues involving fortune hunters and schemers, as well as local rulers and couriers, adventures that on several occasions nearly cost him his life.

Cyclic Form and the English Mystery Plays Nov 23 2019 Cyclic Form and the English Mystery Plays is centred upon the five extant English mystery cycles with a view to examining the cyclic form they share. It is based upon consideration of the differences between the texts and upon the underlying assumptions governing this dramatic form. The cycles are extensively compared with practices in the cyclic dramas of France, the German-speaking areas, Italy, the Netherlands, and Spain in the late middle ages and the early modern period. There is also a unique and innovative bridging with iconographical material from a range of artistic modes giving further insight into the structure and organisation of cyclic form. Cyclic Form and the English Mystery Plays should be of interest to undergraduate students and to more experienced researchers in the early drama and the study of visual images and artefacts.

The Strange Case of Ermine de Reims Jun 11 2021 In 1384, a poor and illiterate peasant woman named Ermine moved to the city of Reims with her elderly husband. Her era was troubled by war, plague, and schism within the Catholic Church, and Ermine could easily have slipped unobserved through the cracks of history. After the loss of her husband, however, things took a remarkable but frightening turn. For the last ten months of her life, Ermine was tormented by nightly visions of angels and demons. In her nocturnal terrors, she was attacked by animals, beaten and kidnapped by devils in disguise, and exposed to carnal spectacles; on other nights, she was blessed by saints, even visited by the Virgin Mary. She confessed these strange occurrences to an Augustinian friar known as Jean le Graveur, who recorded them all in vivid detail. Was Ermine a saint in the making, an impostor, an incipient witch, or a madwoman? Renate Blumenfeld-Kosinski ponders answers to these questions in the historical and theological context of this troubled woman's experiences. With empathy and acuity, Blumenfeld-Kosinski examines Ermine's life in fourteenth-century Reims, her relationship with her confessor, her ascetic and devotional practices, and her reported encounters with heavenly and hellish beings. Supplemented by translated excerpts from Jean's account, *The Strange Case of Ermine de Reims* brings to life an episode that helped precipitate one of the major clerical controversies of late medieval Europe, revealing surprising truths about the era's conceptions of piety and possession.

Baroque Self-Invention and Historical Truth Mar 28 2020 In his monumental study, Christopher Braider explores the dialectical contest between history and truth that defines the period of cultural transition called the 'baroque'. For example, Annibale Carracci's portrayal of the Stoic legend of Hercules at the Crossroads departs from earlier, more static representations that depict an emblematic demigod who has already rejected the fallen path of worldly Pleasure for the upward road of heroic Virtue. Braider argues that, in breaking with tradition in order to portray a tragic soliloquist whose dominant trait is agonized indecision, Carracci joins other baroque artists, poets and philosophers in rehearsing the historical dilemma of choice itself. Carracci's picture thus becomes a framing device that illuminates phenomena as diverse as the construction of gender in baroque painting and science, the Pauline ontology of art in Caravaggio and Rembrandt, the metaphysics of baroque soliloquy and the dismantling of Cartesian dualism in Cyrano de Bergerac and Pascal.

Esoteric Islam in Modern French Thought Jun 18 2019 Why would a devout Catholic, a committed Protestant, and a Maoist atheist devote their lives and work to the study of esoteric aspects of Islam? How are these aspects 'good to think with'? What are the theoretical and intellectual problems to which they provide solutions? These are the questions at the heart of *Esoteric Islam in Modern French Thought*. The three French specialists of Islam described above form an intellectual and personal genealogy that structures the core of the text: Massignon taught Corbin, who taught Jambet in his turn. Each of them found in the esoteric a solution to otherwise insurmountable problems: desire for Massignon, certainty for Corbin, and resurrection/immortality for Jambet. Over the course of three long chapters focused on the life and work of each writer, the book maps the central place of esoteric Islam in the intellectual life of twentieth and twenty-first century France.

La Muerte De Angelique Vitry Aug 21 2019 La Muerte de Angelique Vitry (Sinopsis) William Johnson fue una de las figuras centrales en la guerra entre los canadienses franceses y los británicos (1756 - 1761) por la posesión de Canadá. Era un irlandés de gran tenacidad y encanto , que consiguió galvanizar a los indios nativos americanos en una poderosa fuerza de combate , aliendolos con los británicos, y finalmente derrotar a los canadienses franceses en la batalla de las Llanuras de Abraham en Quebec. Aunque Johnson es una poderosa figura política y rico terrateniente (que ofrece una recompensa de cinco libras por cualquier cuero cabelludo francés del Iroquois en vez) , tiene algunos defectos de carácter grave, uno de ellos es una duda sobre su capacidad sexual . Con el fin de compensar este rasgo neurótico , trata de seducir a todas las mujeres a la vista, sin importar la edad o el origen étnico, y, finalmente, los contactos fallan. Una mujer no logra seducir, sin embargo, es una joven pelirroja francocanadiense llamada Angelique Vitry , que le recuerda a Kathleen , la muchacha irlandesa pelirroja que dejó atrás en el condado de Cork , Irlanda. Angelique es solo once años de edad, pero se ve dieciséis años. Era un huérfano cuya madre murió en un barco trayendo inmigrantes irlandeses a Canadá. Criado por monjas en un orfanato católico en ? Montreal , es un joven reprimido, totalmente ignorante de las relaciones sexuales . Cuando ella se hizo amigo de Johnson , ella se obsesiona con él , y se desarrolla un embarazo psicológico . Johnson se debate entre la devoción paternal para el joven y una atracción que está profundamente arraigada en la semejanza de la niña a Kathleen . Ama de llaves de Johnson , Mary , cuyo padre es jefe Hendricks de la tribu Iroquois, ha vivido con él durante muchos años y le dio un hijo llamado ligero como una pluma . Ella tiene celos de Angelique , y convence a su padre de que la niña está posesada , y debe ser destruida antes de que ella se extienda una epidemia en toda la Nación Iroquois . Esto pone a Johnson en un dilema : si se aferra a Angelique , se arriesga a perder el apoyo de los iroqueses en una próxima batalla decisiva contra los franceses , y si él la deja ir , gana su apoyo. Él la deja ir , pero los iroqueses no logran mantener su parte del trato , y deciden grabar Angelique en juego, convencido de que ella es una bruja. Johnson salva la vida de Angelique por contar con uno de sus soldados escoltan de vuelta a su casa en Quebec , a sabiendas de que , al hacerlo, tendrá que luchar contra los franceses por su cuenta. Más tarde , Johnson es herido en la batalla. Durante un retiro , se refugia en una cabaña que sus soldados se han encontrado en el bosque. Ironicamente, resulta ser la casa de su padrastro y madrastra de Angelique , que ahora le han prometido a un sargento francés que odia . Mientras que Johnson se recupera de sus heridas de batalla , con Angelique le enfermera , descubre una cruz de oro en poder de Angelique , el mismo que le había dado a Kathleen , de vuelta en Irlanda. Johnson es devastada por la constatación de que se senta atraído sexualmente a su propia hija, y le roba lejos de ella una vez que está lo suficientemente bien para viajar. Una amnistía en la guerra es declarada , y la celebración se lleva a cabo en los terrenos de la finca de Johnson. Ahora se ha convertido en gravemente enfermo con la enfermedad venérea. Mientras que él está dando un discurso ante sus tropas , ligero como una pluma suministra el cuero cabelludo de su hija Angelique le reclama la recompensa de cinco libras. Johnson seala airadamente su espada , y está a punto de matar a su hijo cuando se distrae por una visión que él tiene de Kathleen le acercaba por el bosque. The Memoirs and Memorials of Jacques de Coultre Jul 24 2022 Jacques de Coultre was a Flemish gem trader who spent nearly a decade in Southeast Asia at the turn of the 17th century. He left history a substantial autobiography written in Spanish and preserved in the National Library of Spain in Madrid. Written in the form of a picaresque tale, with an acute eye for the cultures he encountered, the memoirs tell the story of his adventures in the trading centres of the day: Melaka, Ayutthaya, Cambodia, Patani, Pahang, Johor, Brunei and Manila. Narrative Structure and Philosophical Debates in Tristram Shandy and Jacques le fataliste. Apr 21 2022 Contrary to what might be expected from a philosophical novel, Sterne and Diderot do not impose their own views upon the reader. The author's voice is but one amongst many others. Margaux Whiskin's argument hinges on Bakhtinian dialogism, which can be defined as the presence of interacting voices and views. In Tristram Shandy and Jacques le fataliste, dialogism occurs through the narrative structure allowing for the confrontation of the contradictory discourses in the philosophical debates, and enabling them to engage in dialogue, instead of establishing the authorial voice as the sole valid discourse in the text. Through those contradictions, the philosophical content takes on a different form, that of a refusal of systematic discourse. Sterne and Diderot do not offer a solution to the various questions debated in their novels. However, they do offer a philosophical approach whereby the confrontation of contradictory ideas creates a dynamic for the pursuit of truth. By engaging in dialogue and constantly opening questions where there is no single right answer, Sterne and Diderot redirect the focus of the reader and invite him to perceive truth not as a destination to be reached, or as a closed conclusion, but as being present in the quest itself, in the ongoing dialogues and debates.
