Practice Math Tests for SHSAT Jan 13 2021 This book is a collection of 5 full-length practice exams for the math section of the SHSAT, the New York City Specialized High School Admissions Test. The tests in this book fully match the new 2017 SHSAT exam format: each test contains 57 questions (of which 52 are multiple-choice questions, and 5 are grid-in questions), and is designed to take 90 minutes. Each of the exams contains well-written problems that were thoroughly tested by real students who have been admitted to the top specialized high schools. The included practice problems are consistently kept up-to-date and closely match those found in the real SHSAT Math section. The book also has full solutions for each of the exams. This collection is ideal for students who desire additional practice for the SHSAT exam and want to make sure that they are using high quality, recently updated material. This edition is fully up-to-date with the current SHSAT exam.
