Pharmacy Workforce Support Personnel Aug 23 2019 This book provides research and commentary on pharmacy technicians. It demonstrates how the re-design of pharmacy workflow to incorporate more responsibilities for technicians will free up pharmacist time to provide direct patient care. It also highlights that doing so can be accomplished without compromising—and often even improving upon—patient safety. The book also sheds light on employer needs and on new paradigms in pharmacy technician certification, education, and training. However, it also demonstrates the need for improvements in this area, as well as improvements in pharmacy technician quality of work life, advancement opportunities, and wages. Taken together, the papers in this book demonstrate how the results of recent studies help pave the road for the continued evolution of pharmacy care and the optimal deployment of pharmacy workforce personnel.

Mom and Me and Mom Oct 29 2022 'In the first decade of the twentieth century, it was not a good time to be born black, or woman, in America.' So begins this stunning portrait of Vivian Baxter Johnson: the first black woman officer in the Merchant Marines, purveyor of a gambling business and rooming house, and mother to Maya Angelou, beloved and bestselling author I KNOW WHY THE CAGED BIRD SINGS. 'A brilliant writer, a fierce friend and a truly phenomenal woman' BARACK OBAMA Anyone who's read the classic, I Know Why the Caged Bird Sings, knows Maya Angelou was raised by her paternal grandmother in Stamps, Arkansas. In Mom & Me & Mom, Angelou details what brought her mother to send her away and unearths the well of emotions Angelou experienced long afterward as a result. While Angelou's six autobiographies tell of her out in the world, influencing and learning from statesmen and cultural icons, Mom & Me & Mom shares the intimate, emotional story about her own family. 'She moved through the world with unshakeable calm,

confidence and a fierce grace . . . She will always be the rainbow in my clouds' OPRAH WINFREY
'She was important in so many ways. She launched African American women writing in the United States. She was generous to a fault. She had nineteen talents - used ten. And was a real original. There is no duplicate' TONI MORRISON
