They are designed to consolidate concepts learnt in class. Students are also provided with regular opportunities for reflection and self-evaluation throughout the book.

[Nine Days](#) Feb 07 2021 'The suspense is frequently nail-biting . . . beautifully constructed.' Daily Mail 'A sweet, charming, witty, romantic book,' BBC Radio 2, The Weekender The tiniest things - a coin, a pendant, a photograph, a lie - can make or ruin lives. It is 1939. Deep in the working-class Melbourne suburb of Richmond Kip Westaway, failed scholar and stablehand, is about to live through the most important day in his young life as Australia hovers unknowingly on the brink of war. What happens that day is the catalyst for momentous events strung across eight more moments in time; love and deception, near-misses and misunderstandings, all centred around the terrible thing that happens to a young girl and the repercussions it will have on the lives of her family, even those not yet born.. Toni Jordan's NINE DAYS is a beautiful, heartbreaking novel, a masterful piece of writing filled to bursting with warm, funny, spiky, lovable characters. It is the story of a tragedy, and the ripples that spread outwards from it through the generations, for better or worse. It is a book you will want to pass on, if you can bear to let it go.

[Jacaranda Business Studies in Action Preliminary Course 6e EBookPLUS and Print](#) Mar 08 2021 Jacaranda Business Studies in Action NSW's favourite Business Studies series, Jacaranda Business Studies in Action, is freshly updated with new content and tools to help you deliver engaging and contemporary lessons for your students, while preparing them for exam success. Health Promotion Jan 06 2021 'An excellent introduction to the theory and practice of health promotion in a developed country such as Australia' From the foreword by Professor Brian Oldenburg This widely used text offers a comprehensive overview of the field of health promotion. Drawing on current Australian and international research, the authors provide a detailed review of health promotion principles. They demonstrate how these principles fit into the broader public health context, and how they can be integrated into practice in a range of settings, including the workplace, schools, rural communities, Indigenous communities and health care organisations. The authors also include a step-by-step guide to program management from planning to evaluation. This third edition includes new material on the use of evidence in health promotion practice, and on the increasing importance of an ecological perspective. The text has been fully revised with new data and case studies, and planning models have been updated to reflect current practice. Health Promotion is an essential text for students and a valuable resource for health professionals.

Ethics and the Legal Profession Oct 23 2019 Beneficial for law or philosophy students, or practicing lawyers, Ethics and the Legal Profession includes articles by eminent philosophers and lawyers that explore moral problems in legal practice. The text is divided into six sections, each dealing with an important issue: The History and Organization of the Profession in the United States; The Moral Critique of Professionalism; The Adversary System; Conflict of Interest and Professional Judgment; Perjury and Confidentiality; and Making Legal Services Available. Combining in-depth case studies with careful analysis, the editors help students and professionals distinguish between moral and technical judgment, become clearer about the meaning of moral discourse in the workplace, and better appreciate the higher callings of their profession. Raising provocative questions about the rationale and limits of professional responsibility, this text provides insights into the ethics of the legal profession at a time when technology, globalization, and the changing economics of lawyering are reshaping the profession of law in ways still hard to predict.
