*First Into Action* Sep 06 2020 The SBS was first into battle a month before the SAS in the Falklands War and again in the Gulf War, yet hitherto it is the SAS that has had by far the higher profile. The SBS draws its manpower solely from the Marine Commando Units, and the Royal Marines are the oldest and most battle-honoured regiment in the world. **FIRST INTO ACTION** is the first Special Boat Services memoir written from the inside. It tells how Duncan Falconer trained with the Royal Marines in Deal before being recruited into the SBS at Poole in Dorset. The regimen of ruthless training is graphically described and the book also includes revelatory accounts of SBS operations in Ulster, Bosnia and the Gulf War, and of the intense rivalry between the SAS's individualist mentality and the more team-based, marine ethos of the SBS. Duncan Falconer's grippingly detailed memoir is sure to command the attention of anyone interested in the Special Forces and how they operate.

**Sabre Squadron** May 27 2022 With the outbreak of Gulf War hostilities a unit from 22 SAS slipped quietly over the border and into the enemy's backyard. It would be six weeks before any of the patrol again reached safety. Sabre Squadron recounts in graphic detail their scud-busting operations deep inside Iraq. They were operating alone and out of reach of reinforcements, with the threat of detection and its fatal consequences ever present. Yet their determination to wreak havoc behind enemy lines remained undimmed, culminating in an attack that decisively reconfirmed the regiment's awesome reputation. Cameron Spence, a senior NCO on the operation, takes you as close to the fighting SAS as you are ever likely to get, conveying the relentless tension, black humour and camaraderie punctuated by explosive, nerve-shredding action that characterized the mission. This is the true story of an SAS operation of breathtaking audacity and flair, carried out under unimaginable pressure, in the face of impossible odds. \_\_\_\_\_ 'A brilliantly authentic account of war with an SAS patrol, it's a fantastic read' - ANDY MCNAB, bestselling author of *Bravo Two Zero* 'Tense and at times terrifying... a well told action story' - SUNDAY TELEGRAPH 'A terrific read' - THE TIMES 'Blood, guts and military macho - as authentic as anything you are likely to read' - MAIL ON SUNDAY

Elite SAS Patrol Commander Stuart 'Nev' Bonner takes us inside the extraordinary and dangerous world of secret combat operations in this explosive, behind-the-scenes look at life inside the SAS. A world where capture means torture or death, and every move is trained for with precision detail to bring elite soldiers to the very peak of fighting ability. **Storm Command: A Personal Account of the Gulf War (Text Only)** Aug 30 2022 'My primary aim in writing this book is to demonstrate the importance of individual human beings in modern warfare. In the battle to drive the Iraqi army out of Kuwait, Coalition forces used every form of high-technology weapon available; yet in the end success depended on the performance of individuals, whether they were pilots, divers, tank drivers, mechanics, engineers, cooks, radio operators, infantrymen, nurses or officers of all ranks. It was these ordinary people who, at the end of the day, were going to put their lives on the line and risk their neck when their Government decided to go to war.' Gen. Sir Peter de la Billiere Note that it has not been possible to include the same picture content that appeared in the original print version.

**SAS: Secret War** Aug 06 2020 In 1970 the SAS was called in to support the Sultan of Oman's armed forces in their bitter struggle against a Communist-backed insurrection. The task in hand was not to obliterate the enemy, for these were the Sultan's subjects, but to persuade the rebels to join the Omani government's side, as well as encouraging the independently-minded peoples of the Jebel Dhofar to abandon their support for the insurgents. If necessary, these objectives were to be achieved by demonstrating that the insurgents could never win the armed struggle. This is the gripping story of the part played in the conflict by the men and squadrons of the 22nd Special Air Service Regiment, the first full SAS squadron in the region. Written by the man who commanded that unit and who successfully raised the first bands of Dhofari irregulars to fight for the Sultan, SAS: Secret War provides a unique and personal insight into what was to become one of the most successful counter-insurgency campaigns of the twentieth century.

**SAS Bravo Three Zero** Jun 03 2020 'An incredible story, and so well told' Bear Grylls 'A must read. Honesty, integrity and real experience that puts you in the thick of the action.' Billy Billingham

There were three patrols that fateful January 1991 morning: Bravo One Zero, Bravo Two Zero and Bravo Three Zero. It was the opening hours of the Gulf War and the SAS were flown deep behind enemy lines to hunt down Saddam's Scud missiles, the use of which threatened a Third World War. The men of Bravo One Zero stepped off the chopper, took one look at the flat desert devoid of any cover and decided no way were they deploying into all of that. But Andy McNab's famed Bravo Two Zero patrol did deploy, with fatal results - all bar one being captured or killed. And then there was Bravo Three Zero. These men were different. Thought differently. Acted differently. Treating as gospel the SAS's saying 'any fool can be uncomfortable', they deployed with vehicles, and while there was nowhere to hide they could make a dash for the border if desperate. Even as warnings came in that McNab's patrol was on the run, Bravo Three Zero remained undetected - the furthest Coalition forces behind Iraqi lines. Slipping through enemy positions, a string of targets were taken out. But with the desert turning bitter and snow starting to fall, they were forced to fight a running battle against the elements as much as the enemy. Though overshadowed by the fate of Bravo Two Zero, the achievements of this highly-decorated patrol are the stuff of elite forces legend. Now, for the first time, SAS veteran Des Powell reveals their story in gritty, blow-by-blow detail. Written with acclaimed military author Damien Lewis, this is a tale of edge-of-the-seat daring deep inside enemy lands. Brutal, savage, unrelenting - prepare to be blown away, in a tale that proves utterly the SAS motto - who dares wins. 'You thought you knew the full story. You were wrong. Roll off the chopper with Des Powell and the SAS operators of Bravo Three Zero and go behind enemy lines on one of the Gulf War's earliest and most dangerous missions. It's time to get after it!' Jack Carr, former Navy SEAL Sniper and #1 New York Times bestselling author of *In the Blood*

**The Real Bravo Two Zero** Mar 01 2020 The true story of the most famous SAS operation in history. 'Bravo Two Zero' was the code-name of the famous SAS operation: a classic story of bravery in the face of overwhelming odds. BRAVO TWO ZERO by patrol commander 'Andy McNab' became an international bestseller, as did the book by 'Chris Ryan' (THE ONE THAT GOT AWAY). Both men became millionaires. Three members of the patrol were killed. One, veteran sergeant Vince Phillips, was blamed in both books for a succession of mistakes. As Michael Asher reveals, the stories in BRAVO TWO ZERO and THE ONE THAT GOT AWAY grew considerably in the telling. Their heroic tales of taking out tanks with their rocket launchers, mowing down hundreds of Iraqi soldiers, the silent stabbing of the occasional sentry, were never mentioned at their post-war debriefings... In an investigation literally in the footsteps of the patrol, Michael Asher tells the true story.

**The One that Got Away** Nov 20 2021 The British Army's SAS--the Special Air Service--is recognized as one of the world's premier special operations units. During the Gulf War, deep behind Iraqi lines, an SAS team was compromised. A fierce firefight ensued, and the eight men were forced to run for their lives. Only one, Chris Ryan, escaped capture--by walking nearly 180 miles through the desert for a week. **Soldier Five** Nov 08 2020 SOLDIER FIVE is an elite soldier's memoir of his time within the Special Air Service (SAS) and, in particular, his experiences during the Gulf War. As a member of the Special Forces patrol now famously known by its call sign Bravo Two Zero, he and seven others were inserted hundreds of kilometres behind enemy lines. Their mission was to reconnoitre targets, undertake surveillance of Scud missile sites and sabotage Iraqi communications links, but was to end in desperate failure. From the outset the patrol was dogged by problems that contributed both directly and indirectly to the demise of the mission. The patrol's compromise, and subsequent attempts to evade Iraqi troops, resulted in four members of Bravo Two Zero being captured and a further three killed. One escaped. But the story goes further than the Gulf War itself. Despite numerous books, films and articles on the same subject, the British Government has done its utmost to thwart the release of Soldier Five, at one stage claiming the book in its entirety was confidential. A campaign of harassment that took some four-and-a-half years of litigation to resolve has now resulted in this explosive publication. SOLDIER FIVE is a gripping and suspenseful account of one man's experiences as a Special Forces soldier. Revealing his conflicts, loyalties and relationships forged, it is the resolution of a soldier's determined fight to see his story told.

**Victor Two** Apr 25 2022 The Israeli government was persuaded at the last minute not to enter the Gulf War when they were told that it was the SAS who were hunting for Scud missiles and disrupting Iraqi communications. Corporal Terence Clayton, known as "Yorky", was a member of one of the half-squadrons. His group played a crucial role by destroying microwave communications lines, Scud missiles, weapons dumps and Iraqi soldiers.
