Comprehending as capably as union even more than new will offer each success. neighboring to, the revelation as without difficulty as acuteness of this Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power can be taken as skillfully as picked to act.

[Closing of the American Mind](#) Oct 20 2021 The brilliant, controversial, bestselling critique of American culture that “hits with the approximate force and effect of electroshock therapy” (The New York Times)—now featuring a new afterword by Andrew Ferguson in a twenty-fifth anniversary edition. In 1987, eminent political philosopher Allan Bloom published *The Closing of the American Mind*, an appraisal of contemporary America that “hits with the approximate force and effect of electroshock therapy” (The New York Times) and has not only been vindicated, but has also become more urgent today. In clear, spirited prose, Bloom argues that the social and political crises of contemporary America are part of a larger intellectual crisis: the result of a dangerous narrowing of curiosity and exploration by the university elites. Now, in this twenty-fifth anniversary edition, acclaimed author and journalist Andrew Ferguson contributes a new essay that describes why Bloom’s argument caused such a furor at publication and why our culture so deeply resists its truths today.

[The Right](#) Jun 03 2020 A magisterial intellectual history of the last century of American conservatism When most people think of the history of modern conservatism, they think of Ronald Reagan. Yet this narrow view leaves many to question: How did Donald Trump win the presidency? And what is the future of the Republican Party? In *The Right*, Matthew Continetti gives a sweeping account of movement conservatism’s evolution, from the Progressive Era through the present. He tells the story of how conservatism began as networks of intellectuals, developing and institutionalizing a vision that grew over time, until they began to buckle under new pressures, resembling national populist movements. Drawing out the tensions between the desire for mainstream acceptance and the pull of extremism, Continetti argues that the more one studies conservatism’s past, the more one becomes convinced of its future. Deeply researched and brilliantly told, *The Right* is essential reading for anyone looking to understand American conservatism.

[American Like Me](#) Sep 18 2021 INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents’ homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

**The Coddling of the American Mind** Aug 30 2022 Something is going wrong on many college campuses in the last few years. Rates of anxiety, depression, and suicide are rising. Speakers are shouted down. Students and professors say they are walking on

eggshells and afraid to speak honestly. How did this happen? First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education: what doesn't kill you makes you weaker; always trust your feelings; and life is a battle between good people and evil people. These three Great Untruths are incompatible with basic psychological principles, as well as ancient wisdom from many cultures. They interfere with healthy development. Anyone who embraces these untruths—and the resulting culture of safetyism—is less likely to become an autonomous adult able to navigate the bumpy road of life. Lukianoff and Haidt investigate the many social trends that have intersected to produce these untruths. They situate the conflicts on campus in the context of America's rapidly rising political polarization, including a rise in hate crimes and off-campus provocation. They explore changes in childhood including the rise of fearful parenting, the decline of unsupervised play, and the new world of social media that has engulfed teenagers in the last decade. This is a book for anyone who is confused by what is happening on college campuses today, or has children, or is concerned about the growing inability of Americans to live, work, and cooperate across party lines.

**A Is for American** Jan 23 2022 What ties Americans to one another? What unifies a nation of citizens with different racial, religious and ethnic backgrounds? These were the dilemmas faced by Americans in the eighteenth and nineteenth centuries as they sought ways to bind the newly United States together. In *A is for American*, award-winning historian Jill Lepore portrays seven men who turned to language to help shape a new nation's character and boundaries. From Noah Webster's attempts to standardize American spelling, to Alexander Graham Bell's use of "Visible Speech" to help teach the deaf to talk, to Sequoyah's development of a Cherokee syllabary as a means of preserving his people's independence, these stories form a compelling portrait of a developing nation's struggles. Lepore brilliantly explores the personalities, work, and influence of these figures, seven men driven by radically different aims and temperaments. Through these superbly told stories, she chronicles the challenges faced by a young country trying to unify its diverse people.

Automobility Sep 06 2020 Looks at the evolution and impact of the automobile in Southern States during the first part of the twentieth-century.

**Fixing American Politics** May 15 2021 *Fixing American Politics: Solutions for the Media Age* brings together original chapters from 34 noted scholars from two disciplines – political science and communication – asked to identify the most pressing problems facing the American people and how they can be solved. Authors address the questions succinctly and directly, with their favored solutions featured in chapter titles that exhort and inspire. The book gives the reader much to think about and debate. Should news outlets be funded with public money rather than by private enterprise? Are the new social media a boon or a bane to political elections? Is the American past dead, or is it living once again? Do churchgoers and environmentalists have anything to discuss? Is the FCC doing its job? Can political ads be made less toxic? Should Fox News be "cancelled?" Should cancel cultures be cancelled? Can we become more civil to one another and, if so, how? *Fixing American Politics* poses all the best questions ... and offers some concrete answers as well. This book is perfect for students, citizens, the media, and anyone concerned with contemporary challenges to civic life and discourse today.

Modern Warriors Aug 06 2020 A New York Times bestseller. From FOX & Friends Weekend cohost Pete Hegseth comes a collection of inspiring stories from fifteen of America's greatest heroes—highly decorated Navy SEALs, Army Rangers, marines, Purple Heart recipients, combat pilots, a Medal of Honor recipient, and more—based on FOX Nation's hit show of the same name. After three Army deployments—earning two Bronze Stars and a Combat Infantryman's Badge—Pete Hegseth knows what it takes to be a modern warrior. In *Modern Warriors* he presents candid, unfiltered conversations with fellow modern warriors and digs for real answers to key questions like: What inspired them to serve? What is their legacy? What does sacrifice really mean to them? How do they handle loss? And what can civilians learn from this latest generation of veterans? From the skies over Afghanistan to the seas of the Mediterranean to the treacherous streets of Iraq, these brave men and women take you inside the firefight, sharing the harrowing realities of war. Hegseth uses their experiences to facilitate conversations about the raw truths of combat, including the difficulties of transitioning back home, while also celebrating these soldiers' contributions to preserving our nation's most precious gift—freedom. In addition to the oral history, *Modern Warriors* presents dozens of personal, rarely shared photos from the battlefield and the home front. Together these stories and images provide an unvarnished representation of battlefield leadership, military morale, and the strain of war. This book is the perfect keepsake and gift for anyone who wants to know what it means, and what it truly takes, to be a patriot.

**American Nations** May 27 2022 An illuminating history of North America's eleven rival cultural regions that explodes the red state-blue state myth. North America was settled by people with distinct religious, political, and ethnographic characteristics, creating regional cultures that have been at odds with one another ever since. Subsequent immigrants didn't confront or assimilate into an "American" or "Canadian" culture, but rather into one of the eleven distinct regional ones that spread over the continent each staking out mutually exclusive territory. In *American Nations*, Colin Woodard leads us on a journey through the history of our fractured continent, and the rivalries and alliances between its component nations, which conform to neither state nor international boundaries. He illustrates and explains why "American" values vary sharply from one region to another. Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how intranational differences have played a pivotal role at every point in the continent's history, from the American Revolution and the Civil War to the tumultuous sixties and the "blue county/red county" maps of recent presidential elections. *American Nations* is a revolutionary and revelatory take on America's myriad identities and how the conflicts between them have shaped our past and are molding our future.

Bulletin of the American Meteorological Society Jan 29 2020 List of members in v. 1, 8.

How to Amuse Yourself and Others Jun 15 2021 These descriptions of leisure-time activities for Victorian girls were designed to cultivate their curiosity and inventiveness, and to help them gain self-confidence regarding their competence and talents.

An American Marriage (Oprah's Book Club) Sep 26 2019 A NEW YORK TIMES AND WASHINGTON POST NOTABLE BOOK A 2018 BEST OF THE YEAR SELECTION OF NPR \* TIME \* BUSTLE \* O, THE OPRAH MAGAZINE \* THE DALLAS MORNING NEWS \* AMAZON.COM OPRAH'S BOOK CLUB 2018 SELECTION LONGLISTED FOR THE 2018 NATIONAL BOOK AWARD FOR FICTION "A moving portrayal of the effects of a wrongful conviction on a young African-American couple." —Barack Obama "Haunting . . . Beautifully written." —The New York Times Book Review "Brilliant and heartbreaking . . . Unforgettable." —USA Today "A tense and timely love story . . . Packed with brave questions about race and class." —People "Compelling." —The Washington Post "Epic . . . Transcendent . . . Triumphant." —Elle Newlyweds Celestial and Roy are the embodiment of both the American Dream and the New South. He is a young executive, and she is an artist on the brink of an exciting career. But as they settle into the routine of their life together, they are ripped apart by circumstances neither could have imagined. Roy is arrested and sentenced to twelve years for a crime Celestial knows he didn't commit. Though fiercely independent, Celestial finds herself bereft and unmoored, taking comfort in Andre, her childhood friend, and best man at their wedding. As Roy's time in prison passes, she is unable to hold on to the love that has been her center. After five years, Roy's conviction is suddenly overturned, and he returns to Atlanta ready to resume their life together. This stirring love story is a profoundly insightful look into the hearts and minds of three people who are at once bound and separated by forces beyond their control. *An American Marriage* is a masterpiece of storytelling, an intimate look deep into the souls of people who must reckon with the past while moving forward—with hope and pain—into the future.

*The Old American* Mar 25 2022 A long-awaited new novel set in the period of the French and Indian Wars brings a new dimension to the region's history.

**The Soul of America** Nov 08 2020 #1 NEW YORK TIMES BESTSELLER • Pulitzer Prize–winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson "Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America."—Newsday "Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia."—USA Today

**Civil Rights and the Making of the Modern American State** Oct 27 2019 This book extends what we know about the development of civil rights and the role of the NAACP in American politics. Through a sweeping archival analysis of the NAACP's battle against lynching and mob violence from 1909 to 1923, this book examines how the NAACP raised public awareness, won over American presidents, secured the support of Congress, and won a landmark criminal procedure case in front of the Supreme Court.

*American Heritage Book of Great American Speeches for Young People* Jul 29 2022 The history of the United States has been characterized by fervent idealism, intense struggle, and radical change. And for every critical, defining moment in American history, there were those whose impassioned voices rang out, clear and true, and whose words compelled the minds and hearts of all who heard them. When Patrick Henry declared, "Give me liberty, or give me death!", when Martin Luther King Jr. said, "I have a dream", Americans listened and were profoundly affected. These speeches stand today as testaments to this great nation made up of individuals with bold ideas and unshakeable convictions. The *American Heritage Book of Great American Speeches for Young People* includes over 100 speeches by founding fathers, patriots, Native American and African American leaders, abolitionists, women's suffrage and labor activists, writers, athletes, and others from all walks of life, featuring inspiring and unforgettable speeches by such notable speakers as: Patrick Henry \* Thomas Jefferson \* Tecumseh \* Frederick Douglass \* Sojourner Truth \* Abraham Lincoln \* Susan B. Anthony \* Mother Jones \* Lou Gehrig \* Franklin D. Roosevelt \* Albert Einstein \* Pearl S. Buck \* Langston Hughes \* John F. Kennedy \* Martin Luther King Jr. These are the voices that shaped our history. They are powerful, moving, and, above all else, uniquely American.

**A Case for the American People** Apr 13 2021 The Democrats' special impeachment counsel on the House Judiciary Committee lays out President Trump's shocking pattern of betrayals, lies, and high crimes, arguing articles of impeachment to the ultimate judges: the American people. In his behind-the-scenes account of the attempts to bring the president to justice—from filing the very first legal actions against him, through the Mueller report, to the turbulent impeachment and trial,

to the president's ongoing wrongdoing today—Norman Eisen, at the forefront of the battle since the day of Trump's inauguration, pulls back the curtain on the process. He reveals ten proposed articles of impeachment, not just the two that were publicly tried, all of which he had a hand in drafting. He then guides us through Trump's lifelong instincts that have dictated his presidency: a cycle of abuse, corruption, and relentless obstruction of the truth. Since taking the oath of office, Donald Trump has been on a spree of high crimes and misdemeanors, using the awesome power of the presidency for his own personal gain, at the expense of the American people. He has inflamed our divisions for his electoral benefit, with flagrant disregard for the Constitution that makes us America. Each step of the way, he has lied incessantly, including to cover up his crimes. And yet he remains in the country's highest office. Congress, federal and state prosecutors, and courts have worked to hold the president accountable for his myriad offenses—with some surprising successes and devastating failures. Eisen, who served as special counsel to the House Judiciary Committee for Trump's impeachment and trial, presents the case against Trump anew. Eisen's gripping narrative and rousing closing argument—at turns revelatory, insightful, and enraging—will inspire our nation of judges. History has proven that this president's nefarious behavior will continue, no matter the crisis. But, as Eisen's candid retelling affirms, there is an ultimate constitutional power that transcends the president's, a power that can and must defeat him if our nation is to survive. The verdict of the American people remains in the balance. It is time for us to act.

**Caste (Oprah's Book Club)** Feb 09 2021 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, The New York Times The Pulitzer Prize–winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

**The American Book of the Dead** Apr 25 2022 A reference guide to the Grateful Dead includes biographies of band members, descriptions of officially released albums, and insights into the more than four hundred songs they preformed live

**American Crusade** Oct 08 2020 Join the political and cultural fight for America's freedom—and learn how to protect our nation from the leftist agenda—with this essential guide from Fox & Friends Weekend co-host Pete Hegseth. In *American Crusade*, Pete Hegseth explores whether the election of President Donald J. Trump was sign of a national rebirth, or instead the final act of a nation that has surrendered to Leftists who demand socialism, globalism, secularism, and politically-correct elitism. Can real America still win? And how? Hegseth is an old-school patriot who is on a mission to do his part to save our Republic. This book celebrates all that America stands for, while motivating and mustering fellow patriots to stand ready to defend—and save—our great country. As he travels around the country talking to American citizens from all walks of life, Hegseth reveals the common wisdom of average Americans—and how ready they are to join the cultural battlefield. Now is that time, and Hegseth has written the playbook. *American Crusade* is written with the same insight, politically incorrect candor, and humor that has made his television show one of the most highly-rated in America.

*After the Fall* Mar 13 2021 THE NEW YORK TIMES BESTSELLING AUTHOR'A dystopian odyssey through the dark authoritarian landscape of the modern world' The TimesTo be born American in the late twentieth century was to take the fact of a particular kind of American exceptionalism as granted - a state of nature arrived at after all else had failed. In the span of just thirty years, this assumption would come crashing down. After the fall, we must determine what it means to be American again. In 2017, as Ben Rhodes was helping Barack Obama begin his next chapter, the legacy they worked to build for eight years was being taken apart. To understand what was happening in America, Rhodes decided to look outwards. Over the next three years, he travelled to dozens of countries, meeting with politicians, activists, and dissidents confronting the same nationalism and authoritarianism that was tearing America apart. Along the way, a Russian opposition leader he spends time with is poisoned, the Hong Kong protesters he comes to know see their movement snuffed out, and America itself reaches the precipice of losing democracy before giving itself a second chance. *After the Fall* is a hugely ambitious and essential work of discovery.

Throughout, Rhodes comes to realize how much America's fingerprints are on a world it helped to shape: through the excesses of the post-Cold War embrace of unbridled capitalism, post-9/11 nationalism and militarism, mania for technology and social media, and the racism that shaped the backlash to the Obama presidency. At the same time, he learns from a diverse set of characters - from Obama to rebels to a rising generation of leaders - how looking squarely at where America has gone wrong only makes it more essential to fight for what America is supposed to be - for itself, and for the entire world.

**The Battle for the American Mind** Sep 30 2022 The Battle for the American Mind brings together religion, politics, economics, science, and literature to present a compelling history of the American people. In this brief and entertaining book, noted historian Carl J. Richard argues that there have been three worldviews that have dominated American thought--theism, humanism, and skepticism. Theists put their faith in God, humanists in man, and skeptics have faith in neither god nor man. Each worldview has had an epoch of domination, leading to the present Age of Confusion where theists, humanists, and skeptics battle one another for control of American hearts and minds. By clearly explaining what Americans believed, exploring why they did so, and showing how that impacted the nation's development, Carl J. Richard presents a unique portrait of the United States--past and present.

**The American People: Volume 1** Nov 20 2021 The long-awaited new novel by America's master playwright and activist—a radical reimagining of our history and our hopes and fears Forty years in the making, *The American People* embodies Larry Kramer's vision of his beloved and accursed homeland. As the founder of ACT UP and the author of *Faggots* and *The Normal Heart*, Kramer has decisively affected American lives and letters. Here, as only he can, he tells the heartbreaking and heroic story of one nation under a plague, contaminated by greed, hate, and disease yet host to transcendent acts of courage and kindness. In this magisterial novel's sweeping first volume, which runs up to the 1950s, we meet prehistoric monkeys who spread a peculiar virus, a Native American shaman whose sexual explorations mutate into occult visions, and early English settlers who live as loving same-sex couples only to fall victim to the forces of bigotry. George Washington and Alexander Hamilton revel in unexpected intimacies, and John Wilkes Booth's motives for assassinating Abraham Lincoln are thoroughly revised. In the twentieth century, the nightmare of history deepens as a religious sect conspires with eugenicists, McCarthyites, and Ivy Leaguers to exterminate homosexuals, and the AIDS virus begins to spread. Against all this, Kramer sets the tender story of a middle-class family outside Washington, D.C., trying to get along in the darkest of times. *The American People* is a work of ribald satire, prophetic anger, and dazzling imagination. It is an encyclopedic indictment written with outrageous love.

*The Earth Is Weeping* Mar 01 2020 "Sets a new standard for Western Indian Wars history." —Stuart Rosebrook, *True West Magazine* \*Winner of the Gilder Lehrman Prize for Military History and the 2017 Caroline Bancroft History Prize \*Finalist for the Western Writers of America's 2017 Spur Award in Best Western Historical Nonfiction Bringing together a pageant of fascinating characters including Custer, Sherman, Grant, and a host of other military and political figures, as well as great native leaders such as Crazy Horse, Sitting Bull, Geronimo, and Red Cloud, *The Earth is Weeping*—lauded by Booklist as “a beautifully written work of understanding and compassion”—is the fullest account to date of how the West was won...and lost. With the end of the Civil War, the nation recommenced its expansion onto traditional Indian tribal lands, setting off a wide-ranging conflict that would last more than three decades. In an exploration of the wars and negotiations that destroyed tribal ways of life even as they made possible the emergence of the modern United States, Peter Cozzens gives us both sides in comprehensive and singularly intimate detail. He illuminates the encroachment experienced by the tribes and the tribal conflicts over whether to fight or make peace, and explores the squalid lives of soldiers posted to the frontier and the ethical quandaries faced by generals who often sympathized with their native enemies. \*A Times "History Book of the Year" and A Smithsonian "Top History Book of 2016" \*Shortlisted for Military History Magazine's Book of the Year Award

**The 50% American** Dec 22 2021 The United States is the only nation in the world that allows its citizens to hold one or more foreign citizenships, vote in another nation's elections, run for or be appointed to office in another country, and join the armed forces even of a nation with interests hostile to those of the U.S. while retaining their citizenship. These policies reinforce the often already strong emotional, political, and economic ties today's immigrants retain to their home countries. Yet few studies have addressed what dual citizenship means for the United States as a nation and the integration of immigrants into the American national community. Is it possible to reconcile two different nationalities, cultures, and psychologies? How can we honor immigrants' sense of identity without threatening American national identity? What do Americans have a right to expect of immigrants and what do they have a right to expect of Americans? In *The 50% American* political psychologist Stanley Renshon offers unique insight into the political and national ramifications of personal loyalties. Arguing that the glue that binds this country together is a psychological force—patriotism—he explains why powerful emotional attachments are critical to American civic process and how they make possible united action in times of crisis. In an age of terrorism, the idea that we are all Americans regardless of our differences is more than a credo; it is essential to our national security. Comprehensive in scope, this book examines recent immigration trends, tracing the assimilation process that immigrants to the United States undergo and describing how federal, state, and local governments have dealt with volatile issues such as language requirements, voting rights, and schooling. Renshon turns a critical eye to the challenges posed over the past four decades by multiculturalism, cultural conflict, and global citizenship and puts forth a comprehensive proposal for reforming dual citizenship and helping immigrants and citizens alike become more integrated into the American national community.

*The Book of Awesome Black Americans* Jan 11 2021 #1 New Release in Cultural Heritage ? Making a Better America Black Americans who have shaped their country and beyond: We are familiar with a handful of African Americans who are mentioned in American history books, but there are also countless others who do not get recognized in mainstream media. Their actions may not have appeared to shake the world, but their contributions to shifting American culture were just as groundbreaking. There's more than one way to make a difference: The achievements of the Black Americans included in this book range from athletic to artistic, literary to scientific. Their biographies vary greatly, but each one contributes to the course of Black history

and its influence on the greater world. Their stories encourage readers, especially teenage boys and girls, to find their own path to change. Celebrate the successes made possible by diversity: African Americans have made history by challenging and changing the American landscape. This was accomplished not by shedding layers of originality, but by wearing their colors proudly and openly in the world. Growth has been made possible by a resistance to conformity and a fusing of cultures, African and American alike. Monique L. Jones's *The Book of Awesome Black Americans* is more than a Black history book. It's a celebration of Black people. In this book, you will find:

- Amazing role models who brought on change by using their gifts and passions to overcome societal barriers
- Stories mainstream media failed to mention that are sure to inspire, motivate, and educate readers of all backgrounds
- Testimonies that demonstrate how American culture thrives when it celebrates diversity and promotes inclusiveness

If you enjoyed books such as *100 African-Americans Who Shaped American History*, *Bedtime Inspirational Stories*, or Becca Anderson's *The Book of Awesome Women*, then *The Book of Awesome Black Americans* should be your next read!

American Dirt Apr 01 2020 "Extraordinary." --Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." --Sandra Cisneros También de este lado hay sueños. On this side too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a *Grapes of Wrath* for our times" and "a new American classic," Jeanine Cummins's *American Dirt* is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

Behold, America Jun 27 2022 SELECTED AS A 2018 SUMMER READ BY THE SUNDAY TIMES, OBSERVER, I-PAPER AND THE BIG ISSUE 'Enormously entertaining' SUNDAY TIMES 'Fascinating' NEW STATESMAN 'Excoriating, brilliant' ALI SMITH 'Enthralling' GUARDIAN 'My number one contributor when it comes to US politics' DAN SNOW 'The American dream is dead,' Donald Trump said when announcing his candidacy for president in 2015. How would he revive it? By putting 'America First'. The 'American Dream' and 'America First' are two of the most loaded phrases in America today – and also two of the most misunderstood. As divides within America widen, Sarah Churchwell looks to the past to reveal what the surprising history of these two phrases can tell us about today.

Battle for the American Mind Nov 01 2022 #1 NEW YORK TIMES BESTSELLER! FOX News host Pete Hegseth is back with what he says is his most important book yet: A revolutionary road map to saving our children from leftist indoctrination. Behind a smokescreen of “preparing students for the new industrial economy,” early progressives had political control in mind. America's original schools didn't just make kids memorize facts or learn skills; they taught them to think freely and arrive at wisdom. They assigned the classics, inspired love of God and country, and raised future citizens that changed the world forever. Today, after 16,000 hours of K-12 indoctrination, our kids come out of government schools hating America. They roll their eyes at religion and disdain our history. We spend more money on education than ever, but kids can barely read and write—let alone reason with discernment. Western culture is on the ropes. Kids are bored and aimless, flailing for purpose in a system that says racial and gender identity is everything. *Battle for the American Mind* is the untold story of the Progressive plan to neutralize the basis of our Republic – by removing the one ingredient that had sustained Western Civilization for thousands of years. Pete Hegseth and David Goodwin explain why, no matter what political skirmishes conservatives win, progressives are winning the war—and control the “supply lines” of future citizens. Reversing this reality will require parents to radically reorient their children's education; even most homeschooling and Christian schooling are infused with progressive assumptions. We need to recover a lost philosophy of education – grounded in virtue and excellence – that can arm future generations to fight for freedom. It's called classical Christian education. Never heard of it? You're not alone. *Battle for the American Mind* is more than a book; it's a field guide for remaking school in the United States. We've ceded our kids' minds to the left for far too long—this book gives patriotic parents the ammunition to join an insurgency that gives America a fighting chance.

Adam Smith's America Nov 28 2019 The unlikely story of how Americans canonized Adam Smith as the patron saint of free markets Originally published in 1776, Adam Smith's *The Wealth of Nations* was lauded by America's founders as a landmark work of Enlightenment thinking about national wealth, statecraft, and moral virtue. Today, Smith is one of the most influential icons of economic thought in America. Glory Liu traces how generations of Americans have read, reinterpreted, and weaponized Smith's ideas, revealing how his popular image as a champion of American-style capitalism and free markets is a historical invention. Drawing on a trove of illuminating archival materials, Liu tells the story of how an unassuming Scottish philosopher captured the American imagination and played a leading role in shaping American economic and political ideas. She shows how Smith became known as the father of political economy in the nineteenth century and was firmly associated with free trade, and how, in the aftermath of the Great Depression, the Chicago School of Economics transformed him into the preeminent theorist of self-interest and the miracle of free markets. Liu explores how a new generation of political theorists and

public intellectuals has sought to recover Smith's original intentions and restore his reputation as a moral philosopher. Charting the enduring fascination that this humble philosopher from Scotland has held for American readers over more than two centuries, Adam Smith's America shows how Smith continues to be a vehicle for articulating perennial moral and political anxieties about modern capitalism.

The American Ascendancy Jul 17 2021 A historical study that looks at America's path to global preeminence examines such key elements as wealth, confidence, and leadership in its rise to power, from the nineteenth century to today, and offers insight into the nation's problematic role in the modern-day world and options for the future.

*The Two Faces of American Freedom* Jul 25 2019 This is a sweeping new interpretation of the national experience, reconceiving key political events from the Revolution to the New Deal. Rana begins by emphasizing that the national founding was first and foremost an experiment in settler colonization. For American settlers, internal self-government involved a unique vision of freedom, which combined direct political participation with economic independence. However, this independence was based on ideas of extensive land ownership which helped to sustain both territorial conquest and the subordination of slaves and native peoples. At the close of the nineteenth century, emerging social movements struggled to liberate the potential of self-rule from these oppressive and exclusionary features. These efforts ultimately collapsed, in large part because white settlers failed to conceive of liberty as a truly universal aspiration. The consequence was the rise of new modes of political authority that presented national and economic security as society's guiding commitments. Rana contends that the challenge for today's reformers is to recover a robust notion of independence and participation from the settler experience while finally making it universal.

**The American Adam** Feb 21 2022 Intellectual history is viewed in this book as a series of "great conversations"—dramatic dialogues in which a culture's spokesmen wrestle with the leading questions of their times. In nineteenth-century America the great argument centered about De Crèvecoeur's "new man," the American, an innocent Adam in a bright new world dissociating himself from the historic past. Mr. Lewis reveals this vital preoccupation as a pervasive, transforming ingredient of the American mind, illuminating history and theology as well as art, shaping the consciousness of lesser thinkers as fully as it shaped the giants of the age. He traces the Adamic theme in the writings of Emerson, Thoreau, Hawthorne, Melville, Henry James, and others, and in an Epilogue he exposes their continuing spirit in the works of F. Scott Fitzgerald, William Faulkner, Ralph Ellison, J. D. Salinger, and Saul Bellow.

**The American Guide** Dec 10 2020

The End of American World Order Dec 30 2019 The age of Western hegemony is over. Whether or not America itself declines or thrives under President Trump's leadership, the post-war liberal international order underpinned by US military, economic and ideological primacy and supported by global institutions serving its power and purpose, is coming to an end. But what will take its place? A Chinese world order? A re-constituted form of American hegemony? A regionalized system of global cooperation, including major and emerging powers? In this updated and extended edition of his widely acclaimed book, Amitav Acharya offers an incisive answer to this fundamental question. While the US will remain a major force in world affairs, he argues that it has lost the ability to shape world order after its own interests and image. As a result, the US will be one of a number of anchors including emerging powers, regional forces, and a concert of the old and new powers shaping a new world order. Rejecting labels such as multipolar, apolar, or G-Zero, Acharya likens the emerging system to a multiplex theatre, offering a choice of plots (ideas), directors (power), and action (leadership) under one roof. Finally, he reflects on the policies that the US, emerging powers and regional actors must pursue to promote stability in this decentred but interdependent, multiplex world. Written by a leading scholar of the international relations of the non-Western world, and rising above partisan punditry, this book represents a major contribution to debates over the post-American era.

**American Royals** Jul 05 2020 New York Times Bestseller What if America had a royal family? If you can't get enough of Harry and Meghan or Kate and William, meet American princesses Beatrice and Samantha. Crazy Rich Asians meets The Crown. Perfect for fans of Red, White, and Royal Blue and The Royal We! Two princesses vying for the ultimate crown. Two girls vying for the prince's heart. This is the story of the American royals. When America won the Revolutionary War, its people offered General George Washington a crown. Two and a half centuries later, the House of Washington still sits on the throne. Like most royal families, the Washingtons have an heir and a spare. A future monarch and a backup battery. Each child knows exactly what is expected of them. But these aren't just any royals. They're American. As Princess Beatrice gets closer to becoming America's first queen regnant, the duty she has embraced her entire life suddenly feels stifling. Nobody cares about the spare except when she's breaking the rules, so Princess Samantha doesn't care much about anything, either . . . except the one boy who is distinctly off-limits to her. And then there's Samantha's twin, Prince Jefferson. If he'd been born a generation earlier, he would have stood first in line for the throne, but the new laws of succession make him third. Most of America adores their devastatingly handsome prince . . . but two very different girls are vying to capture his heart. The duty. The intrigue. The Crown. New York Times bestselling author Katharine McGee imagines an alternate version of the modern world, one where the glittering age of monarchies has not yet faded--and where love is still powerful enough to change the course of history. "The lives of the American royal family will hook you in the very first pages and never let go. Relatable, believable, fantastical, aspirational, and completely addictive." --Sara Shepard, #1 New York Times bestselling author of the *Pretty Little Liars* and *Perfectionists* series

*What Does It Mean to Be American?* Jun 23 2019 An engaging picture book for children that celebrates what it means to be American--regardless of politics! What does it mean to be American? Does it mean you like apple pie or fireworks? Not exactly. While politics seem to divide our country into the two opposing teams of red and blue, one truth remains: we are all Americans.

But what does that mean? This continuation of the popular What Does It Mean to Be...? series provides a nonpartisan point of view perfect for any and all Americans who are proud of who they are--and where they come from, regardless of their political views. Other Titles in the What Does It Mean to Be...? Series: What Does It Mean to Be Present? What Does It Mean to Be Global? What Does It Mean to Be Kind?
