Getting Married Mar 15 2021 In *Getting Married*, Carrie Yodanis and Sean Lauer examine the social rules and expectations that shape our most personal relationships. How do couples get together? How do people act when they're married? What happens when they're not? Public factors influence our private relationships. From getting engaged to breaking up, social rules and expectations shape and constrain whom we select as a spouse, when and why we decide to get married, and how we arrange our relationships day to day. While this book is about marriage, it is also about sociology. Yodanis and Lauer use the case of marriage to explore a sociological perspective. *Getting Married* will bring together students' academic and social worlds by applying sociology to the things they are thinking about and experiencing outside of the classroom. This book is a useful tool for many sociology courses, including those on family, gender, and introduction to sociology.

Screenwriting May 05 2020 The great challenge in writing a feature-length screenplay is sustaining audience involvement from page one through 120. *Screenwriting: The Sequence Approach* expounds on an often-overlooked tool that can be key in solving this problem. A screenplay can be understood as being built of sequences of about fifteen pages each, and by focusing on solving the dramatic aspects of each of these sequences in detail, a writer can more easily conquer the challenges posed by the script as a whole. The sequence approach has its foundation in early Hollywood cinema (until

the 1950s, most screenplays were formatted with sequences explicitly identified), and has been rediscovered and used effectively at such film schools as the University of Southern California, Columbia University and Chapman University. This book exposes a wide audience to the approach for the first time, introducing the concept then providing a sequence analysis of eleven significant feature films made between 1940 and 2000: *The Shop Around The Corner* / *Double Indemnity* / *Nights of Cabiria* / *North By Northwest* / *Lawrence of Arabia* / *The Graduate* / *One Flew Over the Cuckoo's Nest* / *Toy Story* / *Air Force One* / *Being John Malkovich* / *The Fellowship of the Ring*>

10 Blind Dates Aug 08 2020 Would you let your family play matchmaker to help you get over a broken heart? Ashley Elston's *10 Blind Dates* is the perfect Christmas treat: delicious, warm, funny, escapist YA romance. Sophie wants one thing for Christmas – time with her boyfriend Griffin. So when her parents plan a trip to visit her sister over the holiday, Sophie begs to be left behind with her grandparents and her boisterous extended family. But she and Griffin break up and she's devastated. Sophie's grandmother, hating to see her so upset, devises a (not so) brilliant plan – to distract her from heartbreak. Over the next ten days, different family members will set Sophie up on ten different blind dates, which doesn't sound awkward at all . . . When Griffin turns up unexpectedly, it makes Sophie more confused than ever. Because maybe, just maybe, she's started to have

feelings for someone else. Someone who is definitely not available. Film rights have been bought by Matt Kaplan and Ace Antertainment, the team behind hit Netflix YA movie Jenny Han's *To All The Boys I've Loved Before*. Everything Everything screenwriter J. Mills Goodloe is attached to adapt the screenplay.

Prewriting Your Screenplay Nov 10 2020 Prewriting Your Screenplay cements all the bricks of a story's foundations together and forms a single, organic story-growing technique, starting with a blank slate. It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle, creating a stronger story foundation that does not leave gaps and holes for readers to find. This construction process is performed one piece at a time, one character at a time, building and incorporating each element into the whole. The book provides a clear-cut set of lessons that teaches how to construct that story base around concepts as individual as the writer's personal opinions, helping to foster an individual writer's voice. It also features end-of-chapter exercises that offer step-by-step guidance in applying each lesson, providing screenwriters with a concrete approach to building a strong foundation for a screenplay. This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing, getting them over that first monumental hump, resulting in a well-formulated story concept that is cohesive and professional.

Writing the Character-Centered Screenplay, Updated and Expanded edition Dec 12 2020 "We need good screenwriters who understand character." Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and "off-Hollywood" films, as well as television—the book offers creative strategies and essential practical information. Horton begins by placing screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including *Thelma & Louise* and *The Silence of the Lambs*—and the television series, *Northern Exposure*, he takes the reader step-by-step through the screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of

film scripts.

The Indus Script and the ?g-Veda Oct 22 2021 The deciphering of the Indus script has met with suspicion and is exposed to ridicule even. Many people are nowadays of the opinion that the Indus script is altogether indecipherable, if not a bilingual of considerable size turns up. The approach to a decipherment presented in this volume makes avail of a

bilingual, too, but its masterkey is the discovering of the symbolic connection of the Indus signs with the metaphoric language of the Rg-Veda. Nearly 200 inscriptions, among them the longest and those with the most interesting motifs, have been decoded here by setting them syllable for syllable in relation to Rg-Vedic verses. The results that were gained by this method for the pictographic values of the Indus signs are surprising and far beyond the possibilities of the most daring phantasy. At the same time many problems of the Rg-Veda could be solved or new insights be won.

Middle-earth from Script to Screen Nov 03 2022 For the first time ever, the epic, in-depth story of the creation of one of the most famous fantasy worlds ever imagined—an illustrious compendium that reveals the breathtaking craftsmanship, artistry, and technology behind the magical Middle-earth of the blockbuster film franchises, The Lord of the Rings Motion Picture Trilogy and The Hobbit Trilogy, directed by Peter Jackson. The Making of Middle-Earth tells the complete story of how J. R. R. Tolkien's magic world was brought to vivid life on the big screen in the record-breaking film trilogies The Lord of the Rings Motion Picture Trilogy and The Hobbit Motion Picture Trilogy. Drawing on resources, stories, and content from the archives of the companies and individuals behind the films, much of which have never appeared in print before, as well as interviews and a foreword by director Peter Jackson and key members of the Art Department, Shooting Crews, Park Road Post, and Weta Digital teams who share their personal insights on the creative process, this astonishing resource reveals: How the worlds were built, brick by brick and pixel by pixel; How

environments were extended digitally or imagined entirely as computer generated spaces; How the multiple shooting units functioned; How cast members and characters interacted with their environments. Daniel Falconer takes fans from storyboard concepts to deep into the post-production process where the films were edited, graded, and scored, explaining in depth how each enhanced the films. He also discusses how the processes involved in establishing Middle-earth for the screen have evolved over the fifteen years between the start and finish of the trilogies. Going region by region and culture by culture in this fantasy realm, *The Making of Middle-Earth* describes how each area created for the films was defined, what made it unique, and what role it played in the stories. Illustrated with final film imagery, behind-the-scenes pictures and conceptual artwork, including places not seen in the final films, this monumental compilation offers unique and far-reaching insights into the creation of the world we know and love as Middle-earth.

Arthur Balfour's Ghosts Sep 28 2019 This book tells the incredible story of the cross-correspondence automatic writings, described by one leading scholar of the field, Alan Gauld, 'as undoubtedly the most extensive, the most complex and the most puzzling of all ostensible attempts by deceased persons to manifest purpose, and in so doing to fulfil their overriding purpose of proving their survival'. It is an intensely personal and passionate story on so many levels: May Lyttelton trying to convince her lover Arthur Balfour of her continued existence; Myers with indomitable persistence trying to produce evidence to prove survival generally; Gurney and Francis Balfour striving from beyond the grave

to influence the birth of children who would work for world peace; Gerald Balfour and his lover Winifred Coombe-Tennant believing that their child, Henry, would be the Messianic leader of this group of children.

Script Analysis for Theatre Aug 20 2021 *Script Analysis for Theatre: Tools for Interpretation, Collaboration and Production* provides theatre students and emerging theatre artists with the tools, skills and a shared language to analyze play scripts, communicate about them, and collaborate with others on stage productions. Based largely on concepts derived from Stanislavski's system of acting and method acting, the book focuses on action - what characters do to each other in specific circumstances, times, and places - as the engine of every play. From this foundation, readers will learn to distinguish the big picture of a script, dissect and 'score' smaller units and moment-to-moment action, and create individualized blueprints from which to collaborate on shaping the action in production from their perspectives as actors, directors, and designers. *Script Analysis for Theatre* offers a practical approach to script analysis for theatre production and is grounded in case studies of a range of the

most studied plays, including Sophocles' Oedipus the King, Shakespeare's Twelfth Night, Henrik Ibsen's Hedda Gabler, Georg Büchner's Woyzeck, Oscar Wilde's The Importance of Being Earnest, Tennessee Williams's A Streetcar Named Desire, and Paula Vogel's How I Learned to Drive, among others. Readers will develop the real-life skills professional theatre artists use to design, rehearse, and produce plays.

Revival: Ancient Cyprus (1937) Jun 17 2021 Mr. Casson's book is designed to show that the prehistoric and Hellenic sites in the island deserve much more notice than they have received. Mr. Casson emphasises the peculiarities of Cypriote art and usage; the Greeks evidently had reason to

regard the Cypriote " character " or style as exceptional. Mr. Casson's illustrations of sculptures at Nicosia and in London show that his tempered praise of Cypriote art is justified.
