*Arithmetic Ninja for Ages 6-7*

Nov 08 2020 Arithmetic Ninja

for Ages 6-7 is the essential

photocopiable maths resource

for every Year 2 classroom

from Andrew Jennings, the

creator of Vocabulary Ninja,

Comprehension Ninja and

Write Like a Ninja. Split into 38

weeks, this book features over

680 question cards and is fully

aligned to the Key Stage 1

National Curriculum for

mathematics. With activities for

each day of the week plus a

bonus challenge, this book is

the perfect resource for daily

maths practice and quick

lesson starters. The exercises

in this book get progressively

harder each week, and are

divided into three Ninja levels

to ensure differentiation. There

are answers at the back to help

with marking and cutting lines

on each page so the activities

can easily be cut out and stuck

in exercise books. Perfect for

SATs preparation, the

multiplication tables check and

mental maths practice, this

book is ideal for busy primary

teachers who only want to visit

the photocopier once a week.

The resources are flexible and

high-quality, and will ensure all

pupils are maths Ninjas by the

end of the year. For more must-

have Ninja books by Andrew

Jennings (@VocabularyNinja),

Vocabulary Ninja Oct 27 2019 Vocabulary has to be the single most important aspect of a modern curriculum. Explicit and engaging vocabulary teaching has the power to promote independence in learners, ignite imaginations, deliver understanding and raise education standards in schools. From the creator of the Vocabulary Ninja website and app comes an essential toolkit of strategies and resources to supercharge primary pupils and transform them into vocabulary ninjas! With a focus on English and rich language banks associated with genres and topics, the ideas for reading and writing can be applied to any National Curriculum area and are

perfect for modelling and scaffolding writing. This practical guide also features theory, teaching approaches and photocopiable activities, as well as vocabulary, etymology and phrases to bring the primary curriculum to life. If you're searching for an exciting and captivating approach to bring vocabulary into the primary classroom and see a significant impact on pupil confidence, oracy and academic outcomes, look no further than Vocabulary Ninja. *Mental Arithmetic* Mar 25 2022 The format of Mental Arithmetic differs from that of traditional mental arithmetic materials in that pupils read the questions themselves, use rough paper for workings out, and write down their answers. It provides intensive practice in all areas of the maths curriculum.
