[Bill Duke Memoirs](#) Mar 25 2022 This is the memoir of Bill Duke, one of the first--and few--African Americans to direct for both television and feature films. Duke recalls his childhood, the importance of his family and mentors, and the challenges he faced as an African American--to not only achieve success as an actor, but more significantly as a director in a very white Hollywood.

40 Years in the Wilderness Sep 06 2020 In this moving, first book, Norma Jean Burnette says, "I decided to write this book because I spent approximately 40 years of my life trying to figure out my worth, how I was supposed to feel, and what I was supposed to do." Her work is a gift, insight for those struggling to find meaning and purpose in a big, confusing world full of constant change. The story of Norma Jean will resonate with anyone who knows what it feels to be on a long, profound journey towards self discovery. The book is authenticity itself, sometimes raw, frequently poetic. Norma Jean meant it when she wrote, "This book is from one real human being to another."

[20 Ways to Kill Your Business](#) Jan 11 2021 Don't make these mistakes that can kill a business! Are you having issues with your business? Or, do you want to avoid pitfalls that can ruin your business? Learn from someone who has made the mistakes you want to avoid. See the inside reasons why these 20 things can ruin a business and keep it from being more successful. As an entrepreneur that has worked at businesses for 40 years, I have had my share of failures. Each time I failed, I looked to see what it was that caused me to fail. Each time, I found some little "nugget" that I could take with me to the next effort to help me avoid failure in the next. This book is made up of a number of the lessons I learned during all this time in business. My hope is that you'll avoid these pitfalls and be more successful as a result. Just because I know how to fail at business, it does not necessarily mean that I am a failure at business myself. I'm an entrepreneur. I think I have always been an

entrepreneur. The idea of making or obtaining something and selling it to someone else in a way that makes them happy and makes me money is something I've been utilizing since elementary school. I have tried in probably a hundred ways to make money and help people. Some worked quite well, some not so well. Some lasted a while, others only a few days. Some never got off the ground. Each and every time I tried something, I have been able to look back and analyze that situation and learn from it. I don't know why, but I have been blessed with a fantastic memory of the past. Not an identic or photographic memory, just a good memory of things said, actions taken, interactions with people, and a lot of visual memories. It is a blessing to be able to look back at these times and think about every move, every nuance, every person involved, and I try to see why things worked out or didn't work out. These are the lessons I've learned from all these efforts. By reading this book, it is my belief, that if you avoid all the pitfalls that are listed here, you will be able to be successful in the business you choose. Of course there no guarantees and your success will still depend on what you choose and how hard you work. But these guidelines of what NOT to do will keep you from making a lot of mistakes.

Bill W My First 40 Years May 27 2022 Told here for the first time in his own words is the story Bill W.--a man who, for his part in founding Alcoholics Anonymous, would be honored as one of the most important figures of the 20th century. "I was born, to be exact, in a hotel then known as Wilson House... I was born, perhaps rightly, in a room just back of the old bar." It was the beginning of a life that would change the lives of millions. Told here for the first time in his own words is the story of the man who would come to be known as Bill W. - a man who, for his part in founding the fellowship of Alcoholics Anonymous, would be celebrated as one of the important figures of the twentieth century."The terrifying darkness had become complete. In agony of spirit, I again thought of the cancer of alcoholism which had now consumed me in mind and spirit, and soon the body." But what of the Great Physician? For a brief moment, I suppose, the last trace of my obstinacy was crushed out as the abyss yawned.I remember saying to myself, "I'll do anything, anything at all. If there be a Great Physician, I'll call on him." Then, with neither faith nor hope I cried out, "If there be a God, let him show himself."

Hit Men Mar 01 2020 Copiously researched and documented, Hit Men is the highly controversial portrait of the pop music industry in all its wild, ruthless glory: the insatiable greed and ambition; the enormous egos; the fierce struggles for profits and power; the vendettas, rivalries, shakedowns, and payoffs. Chronicling the evolution of America's largest music labels from the Tin Pan Alley days to the present day, Fredric Dannen examines in depth the often venal, sometimes illegal dealings among the assorted hustlers and kingpins who rule over this multi-billion-dollar business. Updated with a new last chapter by the author.

My Life in Yankee Stadium Aug 25 2019 "As a life-long Dodger fan, I found "My Life In Yankee Stadium" a great read. It is funny, heartwarming, and a great look at baseball from the guy selling refreshments. You will love this book!!" -Larry King "If you think you know everything about the Yankees, this is the last frontier. Stewart J. Zully entertainingly unveils all that goes on behind the scenes, getting peanuts, popcorn and Cracker Jack to hungry Yankee Stadium customers. It's a profession as old as baseball, of which we knew little unless we worked there. Now, we know it all." -Marty Appel, New York Yankees public relations 1968-77, author of *Pinstripe Empire*, *Munson*, and *Casey Stengel*. "My Life in Yankee Stadium" is a collection of stories and anecdotes from a vendor who started working at Yankee Stadium in 1970. Beginning at the age of fifteen

tossing peanuts at a New York Giants football game, Stewart J. Zully vended at more than 2500 events, including playoff and World Series games, no-hitters, a Muhammad Ali heavyweight fight, a visit from the Pope, and, of course, the legendary Red Sox-Yankee rivalry. Here is a personal look at a vendor's life straight from the basement of the stadium to his other life in show business. Ironically, a commercial he appeared in won an Emmy and triggered a long-lost romance with a former stadium employee, whom he hadn't seen in twenty-four years. She is now his wife. "My Life in Yankee Stadium" contains unusual encounters with James Gandolfini, Jack Nicholson, Mel Brooks, and many others, whether on a movie set or in the stands at the ballpark. The quirky vendors, the bizarre assortment of fans, and the character of New York City itself all come alive as Zully gives the unique perspective that only an insider has. Filled with exclusive photos, "My Life in Yankee Stadium" is a look at New York from the sixties to the present day, taking readers behind the scenes at the most famous stadium in all of sports.

Limping on Water Nov 20 2021 PHIL BEUTH spent his entire broadcasting career with one company. As the first employee of a fledgling media startup in 1955, Phil worked his way up over a 40-year span, as Capital Cities grew to become one of America's most influential and successful media companies. *Limping on Water* is a Dickensian rags-to-riches tale of a disadvantaged boy, born with cerebral palsy who, through luck, pluck, strength of character, skill, persistence and loyalty, rose to become a top executive at one of America's most respected and successful media companies, Capital Cities Communications; "The minnow that swallowed the whale." Phil was born in a blue-collar neighborhood of Staten Island to parents of English and German stock in 1932. To state that his origins were humble is like saying the Yankees know a thing or two about baseball. The young struggling family was crushed by the tragic death of Phil's father when Phil was just four, causing his mother to park her young, physically impaired son with her step-father, an embittered, war-wounded veteran (of the Spanish-American War!), who ran a ramshackle "Sanford and Son" junk business out of his backyard. What propelled this boy to raise himself by his orthopedic bootstraps to become a respected and honored leader in his field, a member of two Broadcasting Halls of Fame, head of Good Morning America and a Division President of ABC? What comes through this very personal account--peppered with interesting and amusing anecdotes about his partners and celebrities like Ted Knight, Lowell Thomas, Charlie Gibson, Sir Paul McCartney, Frank Sinatra, Cher, Jackie Robinson, Red Barber, Nelson Rockefeller, Barbara Walters, Warren Buffett, Sammy Davis Jr., Burt Reynolds, Red Skelton, Muhammad Ali, and many more--is Phil's generosity, self-deprecating humor, unbound creativity and warm-hearted congenial talent. More than simply recollections of a career at a celebrated company and the famous people encountered along his path, Phil's story is a keen insider's chronicle of that "Mad Men" golden era of television; a time when broadcasting as we know it came into being. It is also a powerful lesson in forging a career that is ethical and prosperous; "doing well and doing good."

40 Years, You Just Don't Know Me Jun 23 2019 Within this book are chapters of my life written as they happened. The book includes the loss of loved ones, moments of triumph, endless mental and physical struggle and - to really let you in - my moments of complete stupidity. I have a strong imagination, which I had to grasp the reigns of so as to be honest to my word. I guess this is a demonstration of the human mind and its ability to remember the smallest of details from many, many years ago. What was your first memory? Mine represent themselves strongly and constantly in my morals and personality, and very much in the way I view life. Some, I guess, I wish I could forget. But then, this is what made me. As with all of us, I am faced with challenges and disappointments pretty regularly. I do tend to go a little further out on a flimsy branch. Sure, I hear the cracks, but the break is more interesting to me. Sometimes it worked out okay, and others, well you know how that goes, or do you? Some chapters took many attempts of facing a time, not writing it, but going back to that time and place, and being true to my word. I must warn you, some things are graphic, because at eleven years old, that's how I remembered it. Some things I do leave to your imagination, I think it is better this way. I make no apologies. This is my life...

Toward Manhood May 03 2020 What is an authentic purpose of a man's life today? What does manhood have to do with purpose? How does a man discern the call of purpose? This is a book about the psychospiritual path to a meaningful, healthy and fulfilling manhood. It is written for any man who is starting to question his life's purpose. It is written for the man who, as he is climbing the ladder of success, is starting to realize that the

ladder is on the wrong wall. *Toward Manhood* is about the inevitable crisis of meaning and life direction that most men in modern culture will ultimately face. This book is based on psychological and spiritual principles lost in the modern Western world that still endure after thousands of years. Using archetypal puberty initiation rituals that have always led toward a purposeful life *Toward Manhood* translates this indigenous practice into a modern understanding of healthy psychological and spiritual maturity. The old and the new come together in this book to create a modern model of manhood that is worthy of the inner pain and struggle it takes to brave the wilderness of the soul's identity.

Fun and Games Apr 13 2021 "Covering many of the biggest names and greatest events in sports, it's a wonderful collection of yarns and reminiscences, told in Perk's inimitable style" (Postmedia News). Dave Perkins was once told by a bluntly helpful university admissions officer: "You don't have the looks for TV or the voice for radio. You should go into print." Which he did, first at the *Globe and Mail*, and then for thirty-six well-traveled years at the *Toronto Star*. In *Fun and Games*, Perkins recounts hysterical, revealing, and sometimes embarrassing personal stories from almost every sport and many major championships. After forty years of encountering a myriad of athletes, fans, team managers, and owners, Perkins offers unique observations on the Blue Jays and Raptors, fifty-eight major championships' worth of golf, ten Olympic Games, football, hockey, boxing, horse racing, and more. Learn why Tiger Woods asked Perkins if he was nuts, why he detected Forrest Gump in the 1996 Atlanta Olympics, and why Super Bowl week is the worst week of the year. Perkins exposes the mistakes he made in both thought and word—once, when intending to type "the shot ran down the goalie's leg," he used an "i" instead of an "o"—and to this day, he has never found a sacred cow that didn't deserve a barbecue. "Few can spin a yarn with the wit and clever turns of phrase that Perky can." —Shi Davidi, Sportsnet "Anyone who has ever spoken to Dave Perkins, or read Dave Perkins, remembers his voice. This book is a delightful way to experience it all again, through the wise, funny man's eyes." —Bruce Arthur, *Toronto Star* sports columnist

Believer Oct 20 2021 *New York Times* Book Review "A stout defense--indeed, the best I have read--of the Obama years." A *New York Times* Bestseller David Axelrod has always been a believer. Whether as a young journalist investigating city corruption, a campaign consultant guiding underdog candidates against entrenched orthodoxy, or as senior adviser to the president during one of the worst crises in American history, Axelrod held fast to his faith in the power of stories to unite diverse communities and ignite transformative political change. Now this legendary strategist, the mastermind behind Barack Obama's historic election campaigns, shares a wealth of stories from his forty-year journey through the inner workings of American democracy. *Believer* is the tale of a political life well lived, of a man who never gave up on the deepest

promises our country has to offer. *Believer* reveals the roots of Axelrod's devotion to politics and his faith in democratic change. As a child of the '60s in New York City, Axelrod worked his first campaigns during a tumultuous decade that began with soaring optimism and ended in violence and chaos. As a young newspaperman in Chicago during the 1970s and '80s, Axelrod witnessed another world transformed when he reported on the dissolution of the last of the big city political machines—Richard Daley, Dan Rostenkowski, and Harold Washington—along with the emergence of a dynamic black independent movement that ultimately made Obama's ascent possible. After cutting his teeth in the rollicking world of Chicago journalism, Axelrod switched careers to become a political strategist. His unorthodox tactics during his first campaign helped him get Paul Simon unexpectedly elected to the Senate, and soon Axelrod's counsel was sought by the greatest lights of the Democratic Party. Working for path breakers like Hillary Clinton, Deval Patrick, and Rahm Emanuel—and morally conflicted characters like Rod Blagojevich and John Edwards—Axelrod, for better and worse, redefined the techniques by which modern political campaigns are run. The heart of *Believer* is Axelrod's twenty-year friendship with Barack Obama, a warm partnership that inspired both men even as it propelled each to great heights. Taking a chance on an unlikely candidate for the U.S. Senate, Axelrod ultimately collaborated closely with Obama on his political campaigns, and served as the invaluable strategist who contributed to the tremendous victories of 2008 and 2012. Switching careers again, Axelrod served as senior adviser to the president during one of the most challenging periods in national history: working at Obama's side as he battled an economic disaster; navigated America through two wars; and fought to reform health care, the financial sector, and our gridlocked political institutions. In *Believer*, Axelrod offers a deeper and richer profile of this extraordinary figure—who in just four years vaulted from the Illinois State Senate to the Oval Office—from the perspective of one who was at his side every step of the way. Spanning forty years that include corruption and transformation, turmoil and progress, *Believer* takes readers behind the closed doors of politics even as it offers a thrilling call to democratic action. Axelrod's *Believer* is a powerful and inspiring memoir enlivened by the charm and candor of one of the greatest political strategists in recent American history. DORIS KEARNS GOODWIN, author of *The Bully Pulpit* and *Team of Rivals* "Beautifully written with warmth, humor, and remarkable self-awareness, *Believer* is one of the finest political memoirs I have ever read."

Husband Feb 21 2022 In the beginning JoAnne thought her relationship with Steve was exhilarating and fun. Though she knew he had bisexual interests, she trusted their love for each other and felt ready to accept an unconventional marriage in the spirit of the rebellious and sexually charged 1960s. Excitement was in the air as they moved to Brooklyn Heights, wrote screenplays together, met a mobster killer, and were repeatedly robbed and mugged themselves. But gradually problems developed, as Steve drank too much, began cruising in bad neighborhoods, drifted into dangerous liaisons, and lied to her about his secret life, which repeatedly put the family in danger. Meanwhile, JoAnne felt nearly overwhelmed by other crises, including her recurring breast cancer and her parents being critically injured in their house fire. As she became convinced her husband was gay, JoAnne prepared for divorce, but neither she nor Steve really wanted to separate. Still best friends, the two continued living together. They remained close, loving their daughters and feeling rooted in the house that over the years had cost them so much. When Steve died, JoAnne sought to understand their strange and troubled relationship by drawing on her memories and Steve's journals about his gay encounters and fantasies. Her memoir is a brave and brutally honest account of a troubled but enduring love. Recent research suggests that some 4 million women may be married to closeted gay men. *Husband* is the story of one such relationship that lasted nearly 40 years.

Bill Duke Sep 30 2022 While many film fans may not be familiar with Bill Duke's name, they most certainly recognize his face. Dating back to the 1970s, Duke has appeared in a number of popular films, including *Car Wash*, *American Gigolo*, *Commando*, *Predator*, and *X-Men: The Last Stand*. Fewer still might be aware of Duke's extraordinary accomplishments off-screen—as a talented director, producer, entrepreneur, and humanitarian. *Bill Duke: My 40-Year Career on Screen and behind the Camera* is the memoir of a Hollywood original. In an industry that rarely embraces artists of color, Duke first achieved success as an actor then turned to directing. After helming episodes of ratings giants *Dallas*, *Falcon Crest*, *Hill Street Blues*, and *Miami Vice*, Duke progressed to feature films like *A Rage in Harlem*, *Deep Cover*, *Hoodlum*, and *Sister Act 2*. In this candid autobiography, Duke recalls the loving but stern presence of his mother and father, acting mentors like Olympia Dukakis, and the pitfalls that nearly derailed his career, notably an addiction to drugs. Along the way, readers will encounter familiar names like Danny Glover, Laurence Fishburne, Forest Whitaker, Arnold Schwarzenegger, and Whoopi Goldberg. From his Broadway debut in 1971 to the establishment of the Duke Media Foundation, which trains and mentors young filmmakers, Duke has been breaking the rules of what it

means to triumph in the entertainment industry. Recalling pivotal moments in his life, *Bill Duke: My 40-Year Career on Screen and behind the Camera* is the story only Bill Duke could tell.

The Year We Turned Forty Dec 10 2020 If you could repeat one year of your life, what would you do differently? This heartwarming and hilarious novel from the authors of *The Status of All Things* and *Your Perfect Life* features three best friends who get the chance to return to the year they turned forty—the year that altered all of their lives, in ways big and small—and also get the opportunity to change their future. Jessie loves her son Lucas more than anything, but it tears her up inside that he was conceived in an affair that ended her marriage to a man she still loves, a man who just told her he's getting remarried. This time around, she's determined to bury the secret of Lucas' paternity, and to repair the fissures that sent her wandering the first time. Gabriela regrets that she wasted her most fertile years in hot pursuit of a publishing career. Yes, she's one of the biggest authors in the world, but maybe what she really wanted to create was a family. With a chance to do it again, she's focused on convincing her husband, Colin, to give her the baby she desires. Claire is the only one who has made peace with her past: her twenty-two year old daughter, Emily, is finally on track after the turmoil of adolescence, and she's recently gotten engaged, with the two carat diamond on her finger to prove it. But if she's being honest, Claire still fantasizes about her own missed opportunities: a chance to bond with her mother before it was too late, and the possibility of preventing her daughter from years of anguish. Plus, there's the man who got away—the man who may have been her one true love. But it doesn't take long for all three women to learn that re-living a life and making different decisions only leads to new problems and consequences—and that the mistakes they made may, in fact, have been the best choices of all...

Land of My Birth Mar 13 2021 *Land of My Birth* puts the spotlight on the origins and consequences of Jamaica's fight for Independence. The author writes from a strategic vantage point within the country's first viable political party, the party that put Independence firmly and irrevocably on the country's agenda: the People's National Party. While its focus is on the party in the four decades that straddle this Caribbean Island's political independence from Britain in 1962, the narrative sketches a panoramic context that takes in the island as a whole -- stretching from the post-slavery years of the late nineteenth century to the new horizons of the twenty-first, with its new challenges and opportunities. This is a story of a yet uncompleted odyssey in pursuit of a national vision: one filled with ups and downs, exhilaration and frustration, remarkable people and surprising events. In this little book, new information is brought to light and new light is shone on old information; the often surprising ordering of the information and the descriptive chapter headings present a graphic guide through the early history of the People's National Party and of Jamaica in the mid-20th Century. Particularly enlightening is the story of the party's first seventeen years of existence when it tried without success to win political office. This stage of its journey illuminates the party's struggles, the obstacles it had to face, its setbacks and successes: giving insight and analysis to the inner ideological conflicts, personality differences and divisions, and the mediatory and cementing role of "The Three" -- Norman Manley, Noel Nethersole and Vernon Arnett -- during that early period. Here we find incontrovertible evidence that Norman Washington Manley, while not the founder, was indeed "The Father of the People's National Party." The book *Land of My Birth* speaks to- the foundation of the People's National Party;- its seventeen years preparing for political office;- its internal struggles, including the expulsion of the 4Hs in 1952;- the party's eventual conquest of political office in 1955;- its decisive and traumatic role in the rise and fall of the West Indies Federation;- the election of Michael Manley;- and those critical years from 1974 when it not only reaffirmed but made valiant efforts to implement its democratic socialist vision. In the process of encapsulating The First Forty Years of the PNP, the book celebrates, contemplates and re-imagines Jamaica, *Land of My Birth*. It gives more than just a valuable insight into the People's National Party; it oversteps its stated boundary and uncovers important aspects of the history of the Jamaican people. The general public, Caribbean scholars, as well as anyone interested in what has made Jamaica what it is and what can make it what it should be can find something of interest in this book.

But little did she know, times were changing—for sports, for women, and for her.

Each contributor will write one or two successful cases that he thinks were difficult and complex, and discuss the techniques and technologies used. This book is designed to carry the techniques, the knowledge and the experience of the surgically difficult and complex cases in the surgery of cerebrovascular diseases and brain tumors. The book includes two parts: cerebrovascular diseases and brain tumors. Each chapter is composed of 50 case reports written by world reknown neurosurgeons. A case report includes problem and tactics (of this case), case report (including history, operation, and postoperative course), and discussion and references (less than 10), all of which is followed by the comments from a neurosurgical specialist. The text is short and concise. Neuroimaging photographs and self-explanatory operative sketches are used to help readers better understand the content.

From Saturday Night to Sunday Night Apr 25 2022 A memoir by the legendary television executive detailing his pioneering work on Saturday Night Live, Sunday Night Football, the Olympics, the NBA, music videos, late night, and more. Think of an important moment in live TV over the last half-century. Dick Ebersol was likely involved. Dropping out of college to join the crew of ABC's Wide World of Sports, Ebersol worked the Mexico City Olympics during the famous protest by John Carlos and Tommie Smith as well as the Munich Olympics during the tragic hostage standoff. He went on to cocreate Saturday Night Live with Lorne Michaels and later produced the show for four seasons, helping launch Eddie Murphy to stardom. After creating Friday Night Videos and partnering with Vince McMahon to bring professional wrestling to network TV, he next took over NBC Sports, which helped turn basketball into a global phenomenon and made history as the first broadcaster to host the World Series, the Super Bowl, the NBA Finals, and the Summer Olympics in the same year; it was Ebersol who was responsible for Muhammad Ali lighting the Olympic flame in Atlanta. Then, following a plane crash that took the life of his fourteen-year-old son Teddy and nearly killed him, he determinedly undertook perhaps his greatest career achievement: creating NBC's Sunday Night Football, still the #1 primetime show in America. The Today Show's headline-making hosting changes, the so-called "Late-Night Wars," O.J. Simpson's Bronco chase—Ebersol had a front-row seat to it all. *From Saturday Night to Sunday Night* is filled with entertaining and illuminating stories featuring such boldface names as Billy Crystal, Michael Jordan, Bill Clinton, Jay Leno, Peyton Manning, Michael Phelps and Larry David. (Ebersol even inspired the famous *Seinfeld* episode in which George Costanza pretends he didn't quit his job.) More than that, the book offers an insightful history and analysis of TV's evolution from broadcast to cable and beyond—a must read for casual binge-watchers and small-screen aficionados alike.

It's life without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

Re-Invent Yourself! Dec 30 2019 Cheryl Garrison wrote Re-Invent Yourself after meeting numerous women over 50 who were struggling with the reality of growing older. Career change (including downsizing or layoff), empty nest syndrome, failed retirement, failed business, failed relationships and a lack of confidence in the future are just some of the issues facing women over 50. Cheryl begins the book sharing with the reader her personal journey from a "bold and fearless" 20-year-old to a 50something woman who has been defeated by life-altering changes. Re-Invent Yourself is a working guide that chronicles the steps Cheryl took to re-vitalize her life. Why do we stop dreaming after 50something? Why do we think we are too old to start a business or run a marathon? This book answers these questions and then provides resources to help women live out their dreams and aspirations. The book is filled with personal experiences and is divided into 5 chapters, each designed to move the reader closer to creating a Re-Invention Plan which is the objective of the book. Know Yourself - Helps the reader answer the question, "Who are You?" and "What do you Want?." Cheryl believes that at the core of many of the problems women over 50 have is a lack of true identify or an identity that has been lost in the years of giving to others and spending very little time taking care of ourselves. The exercises in this chapter lead women through an assessment of their self-esteem right now and gives techniques for helping them find their true identity. Women completing this chapter will also be able to take a hard look at what they are currently accomplishing in their personal and professional life and begin the process of identifying what they desire to be and do. Heal Yourself- How do we overcome the beliefs that have kept us from succeeding? Cheryl carries the reader through extensive exercises that will help them identify the thoughts that have kept them standing in "cement blocks" and then break through to a life of accomplishment. Re-Invent Yourself- Readers are given the tools needed to take the wants they have identified as important to them and create a lifestyle plan for re-invention. The plan includes goal creation, identifying timelines,

budgeting, and accountability in order to ensure that goals become a reality. The reader will create long-term, short-term and immediate goals that support their overall plan. Commit Yourself - The final part of Cheryl's re-invention plan is for the reader to be committed to change. Without making the commitment and being open to change, nothing will change. This chapter encourages the reader to get a digital calendar and keep track of daily progress. The next important part of change is getting an accountability partner who will make the journey with the reader. Finally, surrounding oneself with positive affirmations is an important part in creating lasting and sustained change. Cheryl's goal for the reader after they have completed the book is to celebrate a new life just as she has done. She went from near depression to now writing books, creating training programs, coaching and speaking to women over 50 about living a life of passion and purpose.
