A History of the Crusades: The Kingdom of Jerusalem and the Frankish East, 1100-1187 Oct 14 2020

Crusading and the Crusader States Aug 31 2019 Crusading as a subject has expanded in recent years to include new fields of enquiry. This book examines how crusading historiography includes new areas and new definitions, focusing on two fundamental issues in current writing: why people went on crusades and what forms the western settlement in the Near East took. *Crusading and the Crusader States* explains how the idea of holy wars came into being and why they took the form that they did - a clash between western and Islamic societies that dominated the Middle Ages.

[The First Crusade](#) Dec 16 2020 According to tradition, the First Crusade began at Pope Urban II's instigation and culminated in July 1099, when western European knights liberated Jerusalem. But what if the First Crusade's real catalyst lay far to the east of Rome? Countering nearly a millennium of scholarship, Peter Frankopan reveals the First Crusade's untold history.

[A Short History of the Crusades](#) Jul 23 2021

Encountering Islam on the First Crusade Jan 29 2022 A fundamental reassessment of Christian/Islamic relations during the First Crusade, combating its representation as an inter-faith clash of civilizations.

Denmark and the Crusades May 21 2021 This ground-breaking study of the role of crusading in late-medieval and early modern Denmark argues that crusading had a tremendous impact on political and religious life in Scandinavia all through the Middle Ages, which continued long after the Reformation ostensibly should have put an end to its viability within Protestant Denmark.

[Monastic Reform, Catharism, and the Crusades, \(900-1300\)](#) Jun 21 2021

[Crusades](#) Feb 15 2021 *Crusades* covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law, literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions, but studies and interpretative essays are welcomed too. *Crusades* appears in both print and online editions. In this issue, Jonathan Riley-Smith studies the death and burial of Latin Christian pilgrims to Jerusalem and Acre and Andrew Jotischky studies the Christians of Jerusalem, the Holy Sepulchre and the origins of the First Crusade.

Finance and the Crusades Aug 12 2020 This book investigates the financial aspects of crusading in the thirteenth and early fourteenth centuries. Taking the kingdom of England as a case study, it explores a variety of themes, such as how much crusades cost, how they were financed, how funds were transferred to the East and how crusaders fared financially after their return. Its fundamental argument, in contrast with current historiography, is that it was the "private" fundraising of individuals - not the "public" fundraising of the Crown and the Church - that constituted the life-blood of the crusade movement in the period under consideration. Indeed, it is likely that the crusades were only able to remain central to the religious and political life of England, and indeed western Christendom, because participants, and those in their connection, continued to be willing to sacrifice their own financial wellbeing for the interests of the Holy Land.

Queens of the Crusades May 01 2022 Packed with incredible true stories and legendary medieval intrigue, this epic narrative history chronicles the first five queens from the powerful royal family that ruled England and France for over three hundred years. The Plantagenet queens of England played a role in some of the most dramatic events in our history. Crusading queens, queens in rebellion against their king, seductive queens, learned queens, queens in battle, queens who enlivened England with the romantic culture of southern Europe—these determined women often broke through medieval constraints to exercise power and influence, for good and sometimes for ill. This second volume of Alison Weir's critically

acclaimed history of the queens of medieval England now moves into a period of even higher drama, from 1154 to 1291: years of chivalry and courtly love, dynastic ambition, conflict between church and throne, baronial wars, and the ruthless interplay between the rival monarchs of Britain and France. We see events such as the murder of Becket, the Magna Carta, and the birth of parliaments from a new perspective. Weir's narrative begins with the formidable Eleanor of Aquitaine, whose marriage to Henry II established a dynasty that ruled for over three hundred years and created the most powerful empire in western Christendom—but also sowed the seeds for some of the most destructive family conflicts in history and for the collapse, under her son King John, of England's power in Europe. The lives of Eleanor's four successors were just as remarkable: Berengaria of Navarre, queen of Richard the Lionheart; Isabella of Angoulême, queen of John; Alienor of Provence, queen of Henry III; and finally Eleanor of Castile, the grasping but beloved wife of Edward I. Through the story of these first five Plantagenet queens, Alison Weir provides a fresh, enthralling narrative focusing on these fascinating female monarchs during this dramatic period of high romance and sometimes low politics, with determined women at its heart.

A Chronology of the Crusades Oct 02 2019 A Chronology of the Crusades provides a day-by-day development of the Crusading movement, the Crusades and the states created by them through the medieval period. Beginning in the run-up to the First Crusade in 1095, to the fall of Constantinople in 1453, and ending with the Turkish attack on Belgrade in 1456, this reference is a comprehensive guide to the events of each Crusade, concentrating on the Near East, but also those Christian expeditions sanctioned by the Papacy as 'Crusades' in the medieval era. As well as clashes between Christians and Muslims in the Latin States, Timothy Venning also chronicles the Albigensian Crusade, clashes in Anatolia and the Balkans and the Reconquista in the Iberian Peninsula. Both detailed and accessible, this chronology draws together material from contemporary Latin/Frankish, Byzantine and Arab/Muslim sources with assessment and explanation to produce a readable narrative which gives students an in-depth overview of one of the most enduringly fascinating periods in medieval history. Including an introduction by Peter Frankopan which summarises and contextualises the period, this book is an essential resource for students and academics alike.

A History of the Crusades Nov 07 2022 The second volume of Steven Runciman's classic, hugely influential trilogy on the history of the Crusades 'There was magic about. Saladin himself was troubled by terrible dreams...' Steven Runciman's unrivalled history of the Crusades is a classic of learning and vivid, compelling storytelling, which brilliantly brings to life the personalities, battles, massacres, triumphs and follies of these epochal events. In this second volume of his trilogy Runciman tells the story of the foundation of the Kingdom of Jerusalem, the disastrous, bloody Second Crusade and the inexorable rise of the crusaders' nemesis, Saladin. 'The pre-eminent historian of the Byzantine Empire and of the Crusades ... a surefooted guide who could render the past visible and familiar' Daily Telegraph 'He tells his story plain ... always pleasurable to read' Gore Vidal *History of the crusades* Jun 29 2019

Arab Historians of the Crusades (Routledge Revivals) Jun 02 2022 The recapture of Jerusalem, the siege of Acre, the fall of Tripoli, the effect in Baghdad of events in Syria; these and other happenings were faithfully recorded by Arab historians during the two centuries of the Crusades. First published in English in 1969, this book presents 'the other side' of the Holy War, offering the first English translation of contemporary Arab accounts of the fighting between Muslim and Christian. Extracts are drawn from seventeen different authors encompassing a multitude of sources: The general histories of the Muslim world, The chronicles of cities, regions and their dynasties Contemporary biographies and records of famous deeds. Overall, this book gives a sweeping and stimulating view of the Crusades seen through Arab eyes.

The Architecture of the Christian Holy Land Jan 17 2021 Moore traces and re-interprets the significance of the architecture of the Christian Holy Land within changing religious and political contexts.

Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre Nov 14 2020 Publisher Description

Crusaders Mar 31 2022 A major new history of the Crusades with an unprecedented wide scope, told in a tableau of portraits of people on all sides of the wars, from the author of *Powers and Thrones*. For more than one thousand years, Christians and Muslims lived side by side, sometimes at peace and sometimes at war. When Christian armies seized Jerusalem in 1099, they began the most notorious period of conflict between the two religions. Depending on who you ask, the fall of the holy city was either an inspiring legend or the greatest of horrors. In *Crusaders*, Dan Jones interrogates the many sides of the larger story, charting a deeply human and avowedly pluralist path through the crusading era. Expanding the usual timeframe, Jones looks to the roots of Christian-Muslim relations in the eighth century and tracks the influence of crusading to present day. He widens the geographical focus to far-flung regions home to so-called enemies of the Church, including Spain, North Africa, southern France, and the Baltic states. By telling intimate stories of individual journeys, Jones illuminates these centuries of war not only from the perspective of popes and kings, but from Arab-Sicilian poets, Byzantine princesses, Sunni scholars, Shi'ite viziers, Mamluk slave soldiers, Mongol chieftains, and barefoot friars. Crusading remains a rallying call to this day, but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare. The age-old relationships between faith, conquest, wealth, power, and trade meant that crusading was not only about fighting for the glory of God, but also, among other earthly reasons, about gold. In this richly dramatic narrative that gives voice to sources usually pushed to the margins, Dan Jones has written an authoritative survey of the holy wars with global scope and human focus.

The Rise and Fall of British Crusader Medievalism, c.1825-1945 Dec 04 2019 This book investigates the uses of crusader medievalism - the memory of the crusades and crusading rhetoric and imagery - in Britain, from Walter Scott's *The Talisman* (1825) to the end of the Second World War. It seeks to understand why and when the crusades and crusading were popular, how they fitted with other cultural trends of the Victorian and Edwardian eras, how their use was affected by the turmoil of the First World War and whether they were differently employed in the interwar years and in the 1939-45 conflict. Building on existing studies and contributing the fruits of fresh research, it brings together examples of the uses of the crusades from disparate contexts and integrates them into the story of the rise and fall of crusader medievalism in Britain.

Outlines of History Jun 09 2020

Byzantium and the Crusades Feb 04 2020 The first great city to which the Crusaders came in 1089 was not Jerusalem but Constantinople, the capital of the Byzantine Empire. Almost as much as Jerusalem itself, Constantinople was the key to the foundation, survival and ultimate eclipse of the crusading kingdom.

The Crusades Dec 28 2021 The Crusades is an authoritative, accessible single-volume history of the brutal struggle for the Holy Land in the Middle Ages. Thomas Asbridge—a renowned historian who writes with “maximum vividness” (Joan Acocella, *The New Yorker*)—covers the years 1095 to 1291 in this big, ambitious, readable account of one of the most fascinating periods in history. From Richard the Lionheart to the mighty Saladin, from the emperors of Byzantium to the Knights Templar, Asbridge's book is a magnificent epic of Holy War between the Christian and Islamic worlds, full of adventure, intrigue, and sweeping grandeur.

The Crusades Sep 12 2020 Presents the history of the Crusades, including the organizational problems, the multiple political alliances, biographies of notable figures on both sides of the conflict, and the reasons for the final defeat of the Europeans.

A History of the Crusades: The later Crusades, 1189-1311, edited by R. L. Wolff and H. W. Hazard Nov 26 2021 The six volumes of *A History of the Crusades* will stand as the definitive history of the Crusades, spanning five centuries, encompassing Jewish, Moslem, and Christian perspectives, and containing a wealth of information and analysis of the history, politics, economics, and culture of the medieval world.

Queens of the Conquest Apr 07 2020 In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common

mother of all England"; and Empress Maud, England's first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* "Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England's medieval queens. . . . Weir's research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work."—Library Journal (starred review) "Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research."—Kirkus Reviews

The History of the Crusades Nov 02 2019

Crusader Warfare Volume II Jul 31 2019 This second volume of "Crusader Warfare" focuses on those non-Christian cultures which were most directly involved in the Crusades. Centering on the Islamic world, the Mongol "World Empire", its fragmented successor states and certain other non-Christian cultures David Nicolle presents many fascinating aspects of warfare and the historical, cultural and economic background of the Islamic military during a much neglected period. In reality the Crusades, and the parallel but separate clash between the Islamic World and the Mongols, resulted from a remarkable variety of political, economic, cultural and religious factors. These campaigns involved an extraordinary array of states, ruling dynasties, ethnic, linguistic and cultural groups as well as the fighting forces associated with these disparate participants. Much current interest in the Crusades reflects the perceived threat of a so-called "clash of civilisations" and, while warnings of such a supposed clash in our own times are based upon a misunderstanding of the natures of both "Western" and "Islamic" civilisations, certain commentators have looked to the medieval Crusades as an earlier example of such a clash. Some have even interpreted the "third force" of the Mongols as somehow prefiguring the role of China, Japan or the Far East as a whole in the today's world.

La Papauté et les croisades / The Papacy and the Crusades Jul 11 2020 This volume brings together a selection of the papers on the theme of the Papacy and the Crusades, delivered at the 7th Congress of the Society for the Study of the Crusades and the Latin East. After the introduction by Michel Balard, the first papers examine aspects of crusader terminology. The next section deals with events and perceptions in the West, including papers on the crusades against the Albigensians and Frederick II, and on the situation in the Iberian peninsula. There follow studies on relations between crusaders and the local populations in the Byzantine world after 1204 and Frankish Greece, and in Cilician Armenia, while a final pair looks at papal interventions in Poland and Scandinavia.

The Crusades, Christianity, and Islam Oct 26 2021 Claiming that many in the West lack a thorough understanding of crusading, Jonathan Riley-Smith explains why and where the Crusades were fought, identifies their architects, and shows how deeply their language and imagery were embedded in popular Catholic thought and devotional life.

Stories of the Crusades. I. De Hellingley. II. The Crusade of S. Louis. [By J. M. N., i.e. J. M. Neale.] Feb 27 2022

The Routledge Companion to the Crusades May 09 2020 A compilation of facts, figures, maps, family trees, summaries of the major crusades and their historiography, the Routledge Companion to the Crusades spans a broad chronological range from the eleventh to the eighteenth century, and gives a chronological framework and context for modern research on the crusading movement. Not just a history of the Crusades, but an overview of the logistical, economic, social and biographical history, this is a core text for students of history and religious studies.

The Crusades Sep 24 2021 'Asbridge can't help but tell a ripping yarn, often breezily dramatic, whipping the narrative along' The Times A superb and definitive one-volume account of the Crusades, the impact of which still resonates to this day. In the eleventh century, a vast Christian army, summoned to holy war by the Pope, rampaged through the Muslim world of the eastern Mediterranean, seizing possession of Jerusalem, a city revered by both faiths. Over the two hundred years that followed this First Crusade, Islam and the West fought for dominion of the Holy Land, clashing in a succession of chillingly brutal wars, both firm in the belief that they were at God's work. The Crusades tells the story of this epic struggle from the perspective of both Christians and Muslims, reconstructing the experiences and attitudes of those on either side of the conflict. Mixing pulsing narrative and piercing insight, it exposes the full horror, passion and barbaric grandeur of the crusading era. 'A dramatic and powerful look at both sides of the story' Sunday Times 'A compelling narrative... A masterful conclusion' Observer

A History of the Crusades Oct 06 2022 Analyzes the Crusades from European and Arabic viewpoints

Access to History: The Crusades 1071-1204 Jan 05 2020 Exam board: AQA; Pearson Edexcel; OCR Level: AS/A-level Subject: History First teaching: September 2015 First exams: Summer 2016 (AS); Summer 2017 (A-level) Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. Updated to meet the demands of today's A-level specifications, this new generation of Access to History titles includes accurate exam guidance based on examiners' reports, free online activity worksheets and contextual information that underpins students' understanding of the period. - Develop strong historical knowledge: in-depth analysis of each topic is both authoritative and accessible - Build historical skills and understanding: downloadable activity worksheets can be used independently by students or edited by teachers for classwork and homework - Learn, remember and connect important events and people: an introduction to the period, summary diagrams, timelines and links to additional online resources support lessons, revision and coursework - Achieve exam success: practical advice matched to the requirements of your A-level specification incorporates the lessons learnt from previous exams - Engage with sources, interpretations and the latest historical research: students will evaluate a rich collection of visual and written materials, plus key debates that examine the views of different historians

The Crusader World Mar 07 2020 The Crusader World is a multidisciplinary survey of the current state of research in the field of crusader studies, an area of study which has become increasingly popular in recent years. In this volume Adrian Boas draws together an impressive range of academics, including work from renowned scholars as well as a number of thought-provoking pieces from emerging researchers, in order to provide broad coverage of the major aspects of the period. This authoritative work will play an important role in the future direction of crusading studies. This volume enriches present knowledge of the crusades, addressing such wide-ranging subjects as: intelligence and espionage, gender issues, religious celebrations in crusader Jerusalem, political struggles in crusader Antioch, the archaeological study of battle sites and fortifications, diseases suffered by the crusaders, crusading in northern Europe and Spain and the impact of Crusader art. The relationship between Crusaders and Muslims, two distinct and in many way opposing cultures, is also examined in depth, including a discussion of how the Franks perceived their enemies. Arranged into eight thematic sections, The Crusader World considers many central issues as well as a large number of less familiar topics of the crusades, crusader society, history and culture. With over 100 photographs, line drawings and maps, this impressive collection of essays is a key resource for students and scholars alike.

The Making of Crusading Heroes and Villains Apr 19 2021 Engaging the Crusades is a series of volumes which offer windows into a newly emerging field of historical study: the memory and legacy of the crusades. Together these volumes examine the reasons behind the enduring resonance of the crusades and present the memory of crusading in the modern period as a productive, exciting, and much needed area of investigation. This new volume explores the ways in which significant crusading figures have been employed as heroes and villains, and by whom. Each chapter analyses a case study relating to a key historical figure including the First Crusader Tancred; 'villains' Reynald of Châtillon and Conrad of Montferrat; the oft-overlooked Queen Melisende of Jerusalem; the entangled memories of Richard 'the Lionheart' and Saladin; and the appropriation of St Louis IX by the British. Through fresh approaches, such as a new translation of the inscriptions on the wreath laid on Saladin's tomb by Kaiser Wilhelm II, this book represents a significant cutting-edge intervention in thinking about memory, crusader medievalism, and the processes of making heroes and villains. The Making of Crusading Heroes and Villains is the perfect tool for scholars and students of the crusades,

and for historians concerned with the development of reputations and memory.

A History of the Crusades, Volume 2 Sep 05 2022 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.
